

PLANS FOR \$250,000 IN IMPROVEMENTS READY COMMISSIONERS DEADLOCKED ON MANAGER CHRISTMAS SAVINGS, \$300,000

BIG FUND IS RELEASED BY LIMA BANKS

Checks Will be Mailed to Depositors Saturday, Officials Say

AID IN SHOPPING

Building and Loans Will Close Accounts a Week Later

Three hundred thousand dollars in Christmas savings funds will be distributed this year by the five Lima banks which have been conducting the savings clubs, it was announced Saturday. They closed their funds that afternoon.

This year's distribution will be from \$50,000 to \$75,000 larger than the amount distributed a year ago, officials of the banks said Saturday.

The exact amount given late Saturday afternoon by the five banks totals \$300,000.

Of this sum the Lima Trust Co. led with \$120,000. Officials at that bank said that this sum represents an increase of about one-third over the amount which the bank distributed from its Christmas club fund one year ago.

WEEKLY DEPOSITS
These funds are composed of weekly deposits made over a period of 50 weeks by the people of the city who put in a certain sum each week. This sum cannot be touched during the year and the first of December the funds are closed and the banks start mailing out checks to the depositors.

These depositors get their money back with interest and the result is that when it comes time to start Christmas shopping they have a neat little sum which they can spend.

The Lima banks operated Christmas savings funds this year, these being the Lima Trust Co., First National Bank, Old National Bank, American Bank & Trust Co. and the Lima Dime Savings Bank. Neither the City Bank of Lima nor the Metropolitan bank have ever conducted the Christmas savings fund clubs, officials of those banks said Saturday.

This was the first year that the Lima Dime Savings bank conducted such a fund and officials of that bank said that they are so pleased with the results that they will continue it next year.

CHECKS THIS WEEK

All banks expect to start mailing out their Christmas checks about Dec. 1. Next week the depositors will have received their money and then the Christmas shopping is expected to begin in earnest. Local merchants will be prepared, they say, to offer their most tempting Christmas wares.

Several building and loan associations of the city have also operated the Christmas savings fund plan during the year but they started a little later than the banks and most of them will not close their funds until next Saturday, officials of the companies said. They will then begin mailing out December 10.

All the banks which conducted the funds this year will have them again next year except that the First National bank and the American Bank & Trust Co. will be merged into one institution. It is the present plan of the officials to continue the Christmas fund club plan, it was said Saturday.

Y. W. C. A. CLOSE TO \$17,000 MARK

Objective Of Drive Exceeded By \$500 Saturday Noon

With a few scattered pledges yet to be turned in, the total amount obtained in the annual campaign of the Young Women's Christian Association is expected to reach \$17,000. At noon Saturday \$16,500 was reported, which is \$500 over the amount asked for by the association.

In a report compiled by Miss Ruth Seymour, executive secretary of the association, 1,850 persons subscribed. There was an average of 90 workers in the field during the four days' intensive campaign.

Team captained by Mrs. Ira A. Longworth was highest in the amount of subscriptions, with a total of \$2,335.96. The business girls ranked second with \$2,000, a thousand dollars for each team. Teachers in the city subscribed \$270.

TIRELESS WORKERS

Business girls of the city worked tirelessly to make the campaign a success. Only three girls had full days at their disposal. The other 47 had only their noon hour to solicit donations. Girls in the cigar factories obtained permission to work and lost money in order to help the association. The contributors represent girls from the following establishments: Deisel-Wemmer Co., north side factory, Leader Store, Metropolitan, Feldman, Garford office, Lima Locomotive office, Jack and Yoshi, Gregg's, Grant's, Blum's, Deisel store and offices and telephone company.

Mrs. H. M. Crawford, general chairman of the campaign, said the spirit of cooperation was excellent, very few of those solicited refusing to donate. Those refusals, however, were because of lack of funds and also sickness.

Captains will entertain their teams Friday evening with a covered dish dinner at the Y. W. C. A.

PEOPLE THANKED

Mrs. Crawford and Miss Seymour Saturday desired to cordially thank the people of Lima for the generous support. Special thanks were also offered members of the various teams who devoted their entire time for several days in order to put over the campaign.

A telegram congratulating the Y. W. C. A. and thanking the people of Lima was received by Miss Seymour Saturday from Mrs. D. J. Cable, president of the association. Mrs. Cable is in Baltimore with her husband, who is ill.

CITY TO PUT LION'S SHARE INTO SEWERS

Lima Has Lowest Millage Operating Rate Among Chief Cities

PROJECTS ORDERED

One Municipality In State Has Higher Levy for Sinking Fund

Lima will have a less millage rate for municipal operating expenses in 1924 than any of the principal cities of the state, according to the Ohio municipal bulletin, a copy of which was received Saturday by City Manager Bingham.

At the same time the city will have a higher sinking fund rate than any other of the principal cities of Ohio except Dayton, according to the bulletin. This big sinking fund millage rate is due to sewer work, all of which was ordered by the state health department, according to Mayor Harold Cunningham. "The commission is not to blame for this situation," he said. "The sewer work was ordered by the state board of health and we had to comply with the order."

RATES SHOWN

Figures given to Bingham for the principal cities of the state show the following operating and sinking fund millage rates:

Toledo—4.587 mills for operating expense and 4.296 mills for sinking fund.

Columbus—2.75 mills for operating and 3.82 mills for sinking fund.

Cincinnati—5.73 mills for operating and 4.42 mills for sinking fund.

Akron—5.455 mills for operating and 4.954 mills for sinking fund.

Springfield—3.72 mills for operating and 3.53 mills for sinking fund.

Dayton—5.09 mills for operating and 7.53 mills for sinking fund.

Cleveland—6.2326 mills for operating and 4.137 mills for sinking fund.

Lima—1.66 mills for operating and 5.02 mills for sinking fund.

MERTZ TO LEAVE LIVESTOCK CO.

Resigns From Farm Concern To Go With Packers

Carson F. Mertz, manager of the Allen-Co. Livestock Co., a co-operative marketing concern maintained by farmers of the county, has handed his resignation to the board of directors, he announced Saturday.

It will be acted upon at a special meeting to be held Monday, it was announced. Mertz has also handed in his resignation as secretary of the Allen-Co. farm bureau to be effective Jan. 1.

During the past two years, under the management of Mertz, the company has increased its shipments from \$50,000 a year until a total of \$700,000 has been handled. The month just ended showed the greatest total to date.

Mertz will be identified with Swift & Co. beginning this week. He will be connected with the department of country sales throughout this district.

SENTENCED

CHARLES L. CRAIG

WASHINGTON.—(Associated Press).—President Coolidge will be asked on Monday by Senator Copeland, Democrat, New York, and others to grant executive clemency to Charles L. Craig, comptroller of New York city, who was sentenced to sixty days in jail for contempt of the federal district court at New York, and who recently lost an appeal to the supreme court.

U. S.-TURK PACT IS ASSAILED

American Rights Surrendered Say Prominent Opponents

NEW YORK.—(Associated Press).—An organized movement to frustrate ratification of the Lausanne treaty by the United States senate was undertaken at the Yale club Saturday by a group of influential Americans headed by James W. Gerard, former ambassador to Germany and now chairman of the American committee for the independence of Armenia.

A memorandum previously signed by 100 statesmen, high army officers, financiers, church officials, editors and foreign relief workers was approved for presentation to President Coolidge, Secretary of State Hughes and individual senators before whom the treaty will come for ratification at the forthcoming session of congress.

"The document charges that the state department's envoys at Lausanne sacrificed to Mustafa Kemal, the rights of American citizens in Turkey, and threw overboard the Armenian people whose country was pledged to protect—in exchange for the Chester concessions to a few American business men, since transferred to alien control."

CALLED FEROCEOUS

"It is morally an indefensible treaty," said the memorandum. "It is an utterly humiliating and purposeless treaty. It surrenders every American right in Turkey. It renders impossible the continuance of American educational and philanthropic enterprises in that country. It ignores our solemn pledge to Armenia."

"The economic concessions it purports to secure for a few Americans are now admitted to be of dubious value, and have already been transferred into alien hands."

"The Turks have broken thus early their promises of good behavior and their guarantees to our missionaries and to the remnants of Christians in Turkey. All reports which have recently reached the outside world from Turkish and foreign sources show that factional armed conflicts, widespread banditry and hopeless economic chaos seriously threaten Kemal's regime and that the task which confronts this government is, according to the admission of its own leaders, a truly impossible one."

ROHN HOLDS KEY TO NEW CITY BODY

Official Statements Made Saturday by Jones And Cunningham

MOYER SPOKESMAN

Will Probably Introduce Ouster Motion After January 1

Earl C. Moyer, city commissioner-elect, will probably have the job of offering the motion or resolution, when the new city commission is organized next year, for the removal of City Manager C. A. Bingham and the naming of a local man to the position.

And that apparently means a deadlocked city commission until Commissioner Earl Rohn, who has been silent on the matter, speaks and votes either for or against the proposition.

This was the outstanding political "dope" towards the end of the past week as based on statements made by Moyer and some of the other members of the city commission as it will be organized after the first of the year.

AGAINST MOTION

Mayor Harold Cunningham and City Commissioner Jones, by their statements of Saturday are lined squarely against any motion to remove Bingham.

Earl C. Moyer and J. J. Rankin, commissioners-elect by their selection and post-election statements are lined up behind the ouster motion.

Commissioner Earl C. Rohn maintains, with great persistency a sphinx-like attitude.

Each of the three holdover members of the commission, Cunningham, Jones and Rohn were, on Saturday, asked to answer the following question:

ANSWERS GIVEN

Mayor Cunningham: "I emphatically will not offer any motion to ouster Bingham. He is my candidate to that emphatic enough."

Commissioner Jones: "Positively not. I want to see Bingham stay until his four years program of improvements in Lima is completed. I shall oppose any ouster motion or resolution or whatever is offered to get rid of him."

Commissioner Rohn: "I have absolutely nothing to say."

Prior to the election both Moyer and Rankin were credited with the statement that they opposed the retention of Bingham. On the Friday night before election the local League of Women Voters had all candidates for city commission before them in a public meeting to answer questions. Question No. 3 was:

What is your attitude on the appointment of non-residents to city offices?

STAND OUTLINED
To this question the two men who are now city commissioners-elect, but who were then candidates,

RED CROSS CALL IS RESUMED

Intensive Campaign Will Start Monday, Harman Says

Monday morning will witness the beginning of an intensive campaign by the Allen-Co Chapter, American Red Cross, in connection with the annual roll call.

"We have been somewhat unfortunate in obtaining workers to canvass the city this year but we hope to have a strong organization in the field Monday morning and complete the work before Thanksgiving," Frank E. Harman, general chairman of the roll call, announced Saturday.

FEW REPORTS IN

Harman said that no complete reports had been received from the few workers in the residential districts. Reports are expected to begin coming in at headquarters before nightfall Monday.

Lima industries and business establishments, however, have promised full cooperation with the roll call organization and already a number of encouraging reports have been received. Practically all business organizations in the city have appointed a committee of one or more to solicit employees for membership in the Red Cross.

Two incomplete reports were received Saturday afternoon from industries. They were 785 memberships in the Lima Locomotive works and 360 at the Ohio Steel Co.

SUCCESS IMPERATIVE

Chairman Harman is especially anxious that the roll call is a success this year as far as Lima and Allen-Co is concerned because of the fact that an insufficient amount was raised a year ago.

"Allen-Co chapter is essentially a community organization and stands ready at all times to aid and assist those in need, whether ex-service men seeking aid or information, and those who have need of services of a trained nurse. It is because of this that Lima should subscribe and renew memberships in order to enable the annual program to be carried out," Harman said.

Persons wishing to aid the Red Cross in the roll call may call Mrs. Clarence Miller at Main 7900. Headquarters are at the Elks club. Persons may offer services for only an hour or so in their own precincts. Many have volunteered to canvass the block in which their home is situated.

PAVING AND SEWER WORK UNDER WAY

Construction Waits Spring As Commission Grants Its Approval

25 JOBS LINED UP

\$2,000,000 Expended this Year In Record Amount Of New Betterments

Approximately one quarter of a million dollars worth of new street improvements, including both paving and sewer work, has been laid out for 1924 by the present city commission, according to an examination of the petitions presented to the commission this year and granted by that body.

Figures published in The Lima News of October 14 show that for the 18 months which will end with the last day of this year the present commission will have completed over \$2,000,000 worth of sewer, pavement and water main improvements.

NEW WORK PLANNED

Records of the city commission proceedings during the last few weeks show that 25 petitions for pavements and sewers have been granted by the city commission and this work will be undertaken next year. All the petitions which have been granted provides that the cost of the improvements is to be paid by the abutting property owners.

The petitions which have been granted are as follows:

- Wendell-av, Glenwood to Nixon-av, sewer and paving.
- Madison-av, Franklin to Kibby-st, sewer and paving.
- Belvedere-av, Murphy to Tremont-st, sewer and paving.
- Baxter-st, Ewing to Tremont-st, sewer and paving.
- Murphy-st, Baxter to Belvedere-av, sewer and paving.
- W. High-st, Glenwood to Nixon-av, paving.
- McDonell-st, Ashton-av to O'Connor-st, paving.
- Runyon-av, Metcalf to McDonell-st, paving.
- O'Connor-av, Metcalf to West-st, paving.
- NEW PAVING
- Metcalf-st, Murphy to O'Connor-av, paving.
- Ashton-av, Metcalf to West-st, paving.
- Fourth-st, Sugar-st to Hughes-av, sewer.
- Catalpa-av, Sugar-st to St. Johns-av, sewer and paving.
- Third-st, Sugar-st to Hughes-av, sewer and paving.
- Woodlawn-av, High-st to Allen-town-rd, paving.
- N. Union-st, Kildare to Northern-av, paving.
- N. Central-av, from Kent-st to Northern-av, macadamizing.
- Rice-av, Cole-st to Kennilworth-av, paving.
- E. Circular-st, S. Main-st to S. Central-av, paving.
- Lakewood-av, Glenwood to Nixon-av, paving.
- Cortland-av, Hamilton-av westward, paving.
- Marion-av, Baxter-st westward, paving.
- Hamilton-av, Cortland-st to Grand-av, paving.
- E. North-st, Tingle alley to the river, paving.
- W. Eureka-st, from McDonell to Nye-st, paving.

EXTENSIVE PROGRAM

The record of the present administration for the 18 months period which ends with the close of this year, shows \$2,046,157 worth of sewers, paving and water mains built, most of it during 1923, according to figures published in The Lima News October 24, which were furnished by City Manager Bingham.

These improvements were divided to show as follows:

New paving, \$940,000; new sewers, \$806,157; new water mains, \$300,000.

OLD RESERVOIR FOUND UNDER PUBLIC SQUARE

Reminders of Lima's early days were brought to light during the past week by the sewer construction crews of the McHugh-Cole Co. in their excavation work on Main-st, especially in the public square.

While digging the sewer trench thru the square the workmen unearthed an old time reservoir which Cole Saturday estimated has a capacity of 200,000 gallons of water. It is located almost in the center of the square, he told City Manager Bingham. Orders were given not to disturb the reservoir with the result that the contractors will tunnel under it for that portion of the sewer trench.

Many huge logs, which workmen declare were part of an old corduroy road, were also dug up during the excavation work. A small wooden trench which might have been a portion of an old wooden sewer was also found. A stone sewer running diagonally across the square is being sought as it is indicated on the profile and specifications, but the workmen had not located it when they finished work Saturday. In a portion of the trench work

in the public square the contractors ran into considerable sand and water, which required extra work to remove in order to make the trench perfectly safe for the new sewer.

It is planned to run the sewer up the east side of Main-st from the square to High-st, then cross over High-st and thence up the west side of the street to North-st.

In order not to interfere with the Christmas shopping, City Manager Bingham ordered the sewer work on N. Main-st to be suspended during the month of December. This gives the contractors another week in

which to bring the sewer thru the square and well into N. Main-st.

Several times during the progress of the sewer work on Main-st, especially south of the square, the contractors have run into water which indicated either a quicksand condition or the existence at one time of large swamp lands.

Thruout the work along Main-st the contractors have at different times found evidence that the corduroy road extended the length of what is now Main-st from the Pennsylvania railroad tracks to the Ottawa river.

WEATHER

WASHINGTON.—The weather outlook for the week beginning Monday.

THREE TAKEN IN BOMBING CASE

Linked With Blowing Up Of Consulates At Philadelphia

SIX OTHER MEN ARE SOUGHT

Buildings Guarded in Fear Of Further Outrages

PHILADELPHIA — (Associated Press)—Police Saturday night were holding three men suspected of being implicated in the bomb explosions early Saturday at the Spanish and Italian consulates. The authorities admit, however, that they do not believe any of the men were directly responsible for the explosions, which damaged the buildings housing the consulates, slightly injured more than a score of persons and shattered the glass of windows in the neighborhoods where they occurred.

Suspicion centers, the police said, on a group of six men, who were seen late Friday night with suspicious looking packages. Witnesses said the group divided, some of the men going in the direction of the Italian consulate, with one package while the rest, with the other package, went toward the Spanish consulate.

PRECAUTIONS TAKEN

While search is being instituted for the six men, foreign consular buildings as well as federal, state and municipal edifices are being guarded against further outrages. The three men held by the police are said to be known as radicals. Authorities here believe that the bombings were not inspired by any local condition, but were rather the result of radical or anti-Fascist sentiment.

Both Emilio De Motta, the Spanish consul, and Chevalier Luigi Silitti, Italian consul, said they believed the bombings were prompted by political motives. Each said he knew of no one who would have personal reasons for making an attempt on his life.

CASH FOR WATER SERVICE NEEDED

Further Appropriation To Be Asked By City Manager

Water department operating appropriations are running low despite the fact there is plenty of water department cash on hand but which has not been appropriated. City Manager Bingham announced Saturday.

Because of this condition Bingham will send a letter to the city commission to be read at its Monday night meeting, asking a supplemental appropriation of \$2,400 for the water works department.

This supplemental appropriation he said Saturday, is asked to carry the department thru the balance of this year for setting new hydrants, thawing out any hydrants which may become frozen between now and the end of the year and such other departmental expense as cannot be taken care of by the balance now in the department appropriation.

Bingham also said all the appropriations are running low, something which he said happens towards the end of every fiscal year. Most of the five operating funds have plenty of cash on hand but the money has not been appropriated. When the appropriations for the year were made they had to be made on past experience, Bingham said.

"This was particularly true in the water department," he said. "But the growth of the city during the year and the tremendous increase in the number of the emergency calls made on the department during the first eleven months of this year compared with other years, has about exhausted the appropriation for that department."

During the week figures were published showing the emergency calls on the water department during the first eleven months of 1933 number about 8,400 compared with 5,500 such calls for the 12 months of 1932. This meant extra costs in meters, repairs, use of gasoline and such expenses, according to Bingham.

ST. ROSE ALUMNAE PLAN ANNUAL ENTERTAINMENT

Plans for the annual party to be held by alumnae of St. Rose school were discussed by officers and committee heads at a meeting Friday evening.

It has been decided to hold the dance and card party in the St. Rose auditorium on the evening of Jan. 3. It will be open to graduates and former students of the school and their friends.

Officers of the association are C. M. McCray, president; Margaret Morrison, vice president; Loretta Kelly, secretary; Katherine Mallev, treasurer; John Leonard, chairman of ticket sales; Edward Gallacher, chairman of the reception committee and Frank Callahan, chairman of entertainment.

LIQUOR SEIZED AND TWO MEN ARRESTED

COLUMBUS — "They tell me Columbus is a pretty dry town," commented State Prohibition Inspector Frank J. Mullen to a chance acquaintance in Cleveland a few days ago.

"Dry, nothing," was the retort of the stranger. "Here, take this card and the next time you are there drop around to this address and you can get anything you want."

Mullen and other agents did "drop around" Saturday to an office in a downtown office building and listening thru the keyhole heard a telephone order taken for three cases of liquor.

The liquor was seized while on the way to the consignee and H. F. Campbell and Joseph Dayton, alleged proprietors of "Watson Company, Importers," arrested.

Husband Of Delphos Waitress Granted Divorce Decree

Passionate love missives alleged to have been sent by Mrs. Arvesta Fought, waitress, of Delphos, to Robert Arnold, 20, won a divorce for Cleveland Fought, in common pleas court Saturday.

The letters, given Fought by the parents of his mate's youthful sweetheart, were introduced into testimony.

Charging that she was forced to labor over a washub to support herself and five children, while her husband was earning a minimum of \$10 a day swinging a hammer as a carpenter, Mrs. Bessie Black, 125 E. Elm-st., filed suit for divorce against Eugene Black, Cincinnati.

The couple, according to the petition, were married in 1901. Mrs. Black asserts the defendant moved her from place to place, spending his wages on his own amusement, and leaving her to act as breadwinner for herself and children by keeping lodgers and doing laundry work.

Suit alleging desertion was instituted Saturday by Mrs. Ollie DeVoe, grocery clerk, 429 S. Jackson-st., against Frank DeVoe, whom she alleges abandoned her more than three years ago and has not contributed to her support for the last five years. The couple were married in 1895.

Marathon Review will give a card party Tuesday at 8 p. m. at Moose hall.

Building operations for the week ending Saturday dropped down to \$14,490 according to a tabulation of permits at the city hall. Of this sum, \$10,000 is for three new homes and \$3,890 is for repairs and alterations to homes. The balance is for new garages, the permits show.

Miss Margaret McNeff of the city purchasing department who has been off duty since Monday due to an operation for the removal of her tonsils, is still unable to resume her duties at city hall, reports from her home Saturday indicated.

Roy Miller, assistant city engineer, leaves Monday for a vacation of one week which he and Mrs. Miller will spend visiting friends and relatives in the southern part of the state.

Postmaster A. E. Gale Saturday announced that the Thanksgiving Day hours for the postoffice will be as follows: Money order, stamp, registry and general delivery windows will be open from 9 a. m. to 10 a. m. There will be no mail delivery by city or rural carriers and no parcel post deliveries of any kind. There will be two collections of mail, one at 6 a. m. and the other at 5 p. m.

CITY WINS SCHOOL BOARD ROW

Position On Installation Of Water Meters Upheld

City Manager Bingham has received a letter from the state municipal authorities saying the city has the right to demand that the school board place water meters in every school building of the city and that the school board must pay for such meters.

Some time ago the city manager wrote to the board of education asking that body to install meters, although the city is required to furnish the water free to school buildings. The board replied that it was willing to have the buildings metered if the city would pay for the work. This the city declines to do.

The state municipal bureau says that the city's position is correct. It is probable the city will ask the school board to install the meters. It is estimated the work will cost approximately \$1,800.

The city takes the position that the meters are the best means of stopping waste because the city can thus check the water usage in the public schools.

CITY DEADLOCKED ON MANAGER

(Continued From Page One)

answered as follows: J. J. Rankin: "I would not convict any man until he is proved guilty. I have not been in city hall for two years and would notoust any official on what people say."

Earl C. Moyer: "I believe in home management of our city government." After election both the successful candidates declared in favor of the ousting of Bingham.

Since that time Rankin has not spoken for publication on the question but Moyer has, most emphatically.

Friday evening The Lima News called Moyer by telephone at his home. In talking about city affairs the new commissioner said that he proposes to make it his business to see that "ingham is ousted and a Lima man is put in as city manager."

PLATFORM STANDS Moyer said he is going to work for the best interests of the city and that he is ready to carry out all his pre-election pledges as shown in the issues on which the election was ostensibly fought, that is, those issues which were discussed in the advertisements of the opposing committees.

Because of the fact that Moyer is so determined on the ousting of Bingham and the naming of a local man to the job, it is the general belief that he will offer the necessary motion or resolution to bring the matter to a head after the new commission is organized.

Moyer declared over the telephone that he is likewise opposed to "soft snaps" in city hall. "We have simply got to cut expenses where ever it is possible and I am against any soft snap jobs," said he.

He said he will make every effort to help Lima go forward to bigger and better things. We must all work together because we are all going to live in Lima and it is our city and we must make it.

In the light of the statements which have been made by four of the five members of the new commission, interest turns to what Rankin is going to do and his attitude was definitely shown Saturday.

It is not known if at pressure is being brought to bear on Rankin to serve him this way on that way but he is standing pat and giving no indications of what he is going to do beyond one statement that he issued after election. He said then that he considered the election "a man date from the people of Lima for the removal of Bingham."

Despite Rankin's refusal to talk further, his friends believe that he will not sponsor any motion or resolution to oust Bingham.

All members of the new commission are emphatic in stating that no informal meeting of the five or any portion of them has yet been held to discuss the organization of the new commission and the appointment of which that body will have the privilege of making, if it so desires.

To sum the situation up as it stood Saturday Cunningham and Jones will not support any move to oust Bingham while Moyer and Rankin will and Rol. is absolutely silent as to his attitude.

DEADLOCK POSSIBLE Until Rankin speaks or until he actually votes, the city commission after the first of the year will be deadlocked on the managership.

As to the ousting of Police Chief Lanker there is more certainty, according to political gossip, that he will not be ousted than that he will

A local lodge of Knights of Pythias at a meeting during the week unanimously adopted a resolution that it be the sentiment of the knights that Lanker be kept as police chief.

It is known that the powers which were behind the Moyer-Rankin combination in the election campaign could like to see Lanker remain under certain conditions, namely, that he allow the removal of certain men in the department. He is, like Rankin, standing pat and saying nothing.

Rankin's persistent refusal to discuss the city managership has led some of the citizens to speculate as to whether he will vote on the question at all. They call attention to the fact that in a number of instances he has refused to vote on questions that came before the city commission. One of the most recent examples of this attitude by the commissioner was his refusal to vote to abolish the position of engineer in the fire department.

NEW BOND BUYER IS SOUGHT

Successful Bidder On \$116,000 Issue Holds Up Deal

With negotiations at a standstill with Toledo bond brokers who were awarded the \$116,000 issue of county deficiency bonds, Eugene T. Lippincott, prosecuting attorney, announced Saturday that efforts will be made to place the bonds with another firm.

Every demand made by the Spitzer, Rollick Co., Toledo, to whom the bonds were awarded, has been complied with by the county. Lippincott said. If the house does not take them, he declares the issue can be turned over to another firm. He is of the opinion that the matter will be closed up and the money paid over by Jan. 1.

In the meantime reappraisal of Lima property begun early in the year, is waiting delivery of the bonds so that commissioners may borrow cash to go ahead.

An initial outlay of at least \$30,000 will be required to finance the work, Auditor C. M. Phillips estimates. Experts, largely realtors or persons familiar with value of Lima property, are to be employed to determine new values. Clerks and appraisers also will have to be employed.

Completion of field work will be followed by a series of hearings conducted for the purpose of giving property owners an opportunity to present protests.

Auditor Phillips believes the reappraisal will be completed in time for the new valuations to be in effect when 1935 taxes are paid a year hence.

BOY KILLED MANCHESTER, Ohio — Sherman Bradford, 15, was shot and killed Saturday. It is alleged, by John Shelton, when hunting. Shelton said he did not know his gun was loaded.

Liquor Smelling Squad Looms As New Police Plan

Whisky smelling squad of Lima police department looms as a possibility in enforcement of the prohibition act.

Officers with a keen sense of smell for whisky or bootlegging will comprise the vice squad should Judge Poling rule in favor of the department in the Otto Shick liquor case.

Chief Lanker estimated this Saturday in his claim that an officer could as easily tell whisky from the smell as by the taste.

Decision in the Shick case will be handed down Monday in criminal court. Shick was cited on a possession charge after a raid in which he destroyed the evidence but testimony of police was to the effect that the contents spilled on the floor smelled like whisky.

"Experience is what counts," Lanker said, "and many of the officers have had years of experience in smelling and tasting whisky in their line of duty."

CHRISTMAS MAIL IS BEGINNING

Effect Already Is Felt Here, Postal Officials Say

Now begins the season of the mail man's trouble.

With the Christmas shopping season rapidly dawning and the banks distributing thousands of dollars in Christmas savings funds, the postoffice is beginning to feel the stimulus of its increased Christmas shopping and its consequent increased dispatch and receipt of mail matter. Already officials at the post office note an increase in the amount of outgoing mail as Lima people start their Christmas gifts to the far corners of the earth. Soon the incoming Christmas mail will be making the carriers' burdens heavier, officials at the postoffice claim.

Postmaster A. E. Gale plans to install additional help in the office as fast as necessary to meet the Christmas demands. In the meantime he is urging the people of Lima—

Mail your Christmas packages early, wrap them securely, address them plainly and be sure and put your return address on the packages.

WEALTH IS REVEALED IN CHARITY PATIENT'S DEATH

NEW YORK — Louis T. Lehmyer, 92, recently was taken from his home in the East Side Welfare Hospital, a state charitable institution, where he died last Wednesday, supposedly poverty-stricken.

When his will was filed for probate Saturday it was found he had left more than \$100,000 to charity, including a gift of \$75,000 to his native town, Mainz, Germany, to be used among orphan asylums, hospitals and homes for the poor.

LIMA MOOSE HELP BUILD PLAZA

Proceeds Of Dancing Party To Apply On Project

Entire proceeds of a dual dancing party to be held in Moose Temple, North and We streets Wednesday night will be donated to aid in building the \$250,000 Ohio Plaza at Mooseheart, Ill.

Entertainment will commence at 7:45 p. m. Harry Walters, secretary of Lima Lodge No. 199 announced Saturday. At 8:45 p. m. modern dancing will commence in the main floor, while on the second floor, square dances, polkas and terreorchorean steps of other days will be enjoyed.

The affair, Walters announced is the first move in a drive to be made by Lima Lodge, and Women of the Mooseheart Legion to raise Lima's quota for Ohio Plaza.

Ohio Plaza, which is now under construction is situated near the Pennsylvania village for infants at Mooseheart. The Plaza, composed of five stone buildings, the center one being a replica of the state capitol at Columbus, will house children between the ages of two and six years.

Lima Moose are pledged to raise \$6,500 of the quarter million dollars to be donated by Ohio lodges to build the project.

Star Boarder's Season Is Here, City Jail Shows

With the approach of winter city jail on a Saturday night is the haven of financially embarrassed travelers enroute home to beat the snowflakes.

Large increase of transient guests has been noticed within the last few weeks and no letup is expected until after the holiday season.

A bed is granted upon application, providing the applicant has sufficient funds to pay for lodging at the many lodging houses in the city.

When a person applies for a bed at city jail his name is placed on the "guest" book or register just the same as in any hotel.

Then the desk sergeant in charge asks and receives his belongings which he places in an envelope and puts away. The person is then assigned to a bed, the pall looked and the next morning when he checks out his personal belongings are returned to him.

Many of the guests here within the past few weeks were freight train travelers enroute south for the winter.

BILL DISTRIBUTOR HELD John Adams, Morris Arcade-bldg., was released Saturday on \$10 bail for appearance in court on a charge of distributing hand bills contrary to a city ordinance. He is to be arraigned Monday before Judge Neil R. Poling.

FOOTBALL FEVER INVADES SOUTH

"Old Fighting Spirit" Rampant
As Big Game Approaches

With Thanksgiving drawing nigh the annual game between South and Central seems most prominent in the minds of all students. The clubs are more or less inactive due to the enthusiasm, the big game brings forth. Spirit at South is at a high pitch and every student is prepared to enter the field with a pair of "leath' r lungs" which the new cheering squad will use advantageously. South still has that "Old Fighting Spirit" despite the fact that some think she has lost it.

The Art club will take up "Art History of the Grecian Period" Monday. They will discuss Grecian Architecture, Sculpture, Painting, Poetry and The Influence of Grecian on Modern Art.

"The First Thanksgiving," a one act play, will be given by the Seventh Grade Dramatic Society. Final rehearsals will be held Monday and the play will be presented Wednesday. Miss Marsh is supervising the play.

Members of Nature Study have planned a like next week if weather conditions permit. They will search for birds' nests and cocoons which they will add to their rapidly increasing collection.

Carl Young will be the main speaker at the Science club meeting Monday. He will speak and give demonstrations on "Photography." In his demonstration Young will develop photographs and will tell why amateur developing is not usually successful. At the last meeting Mr. West, formerly a radio expert in the U. S. Navy gave a splendid talk on "Radio in General."

The Sophomore Literary Society will present "A Cup of Tea," at the next meeting. The plot centers around the life of a young married couple and their family quarrels. Ladonna Fisher and Carl Kessler hold the leading roles and Kenneth Fogart, as the brother, injects much humor in the play. The club is still working on the "Membership Drive."

Initiation of new members is probably the best thing in store for members of the Girls Glee Club. They will also have several musical current events and reports on "Famous Operas." Vocal and instrumental music will follow the business session and the reports. The club is considering the play they will present. It will probably be decided on the first of the week and try outs will be held the latter part. The play is dated Jan. 17 at Central Auditorium.

Several heated debates have taken place in Miss Bowler's English class during the past week. She has chosen a series of class debates for the junior classes to decide on the best debaters who will participate in the Semester Inter-class debate. The question is: "Resolved, That the U. S. should enter the League of Nations." Members of the junior class are showing much interest in the debating and are going into it as if they wanted to—not as something forced upon them.

Members of the Boys H-Y will give a dinner at the Y. M. C. A. next Wednesday at 6 p. m. R. T. Veal will lead the after dinner discussion. Mr. Ewing general secretary of the Y. M. C. A. of Buenos Aires, Argentina, gave a very interesting account of the life and customs in South America at the last meeting. They will also discuss the Older Boys Conference which is to be held

at Zanesville. Chester Biddle, president of South H-Y, William Carlton, Henry Apple and Glenn Sellers are the delegates from South who will attend the conference. They will leave next Friday.

The Ye Merrie Players have suspended regular meetings until after the play is presented. Work on "Miss Somebody Else" is progressing in fine shape. Rehearsals are held everyday. The play will be presented Dec. 7. Chester Biddle, Marie Beckdolt, Mary Elizabeth Burgoon and Louise Smith comprise the stage committee. Vaughn Fry, Mildred Parlette, Earl Benson and Robert Timmerman make up the Publicity committee.

Over the week-end members of the Girls Welfare League will canvass homes for donations which will be given to the Red Cross. They are also preparing for their Christmas Welfare Campaign.

South's Vergil class will publish the first issue of its foreign language paper next month. They have selected a very efficient staff and the "Quid Nunc" will be the center of much discussion and entertainment. Ferdinand Elsasus, editor; Iola Rothlisberger and Thelma Irwin, associate editors; Louis Smith and Marguerite Johns, athletic editors; Lillian Gruenbaum society editor; Marie Beckdolt, business manager and Charles Simone, circulation manager. This is the first attempt of anything of this kind at South.

The Freshman Girls Science club will take up the testing of different materials for purity in quality, Monday.

Members of the Astronomy club will continue their discussion on the Planets. They enter into many interesting discussions about the heavenly bodies.

ESSAY WRITERS' PICTURES ARE TO BE PUBLISHED

Lima school children who are to write essays about George Washington and get a twig from the elm tree at Cambridge, Mass., under which Washington took command of the Continental armies, have a chance to get their pictures in the Cambridge Tribune, according to a notice received Saturday by City Manager Bingham from Mrs. J. Lee Robinson, publisher of the paper. She said that a bundle of the twigs had been sent by registered mail for distribution among the Lima children who write essays about Washington. She also said her paper would publish photographs of four Lima school children to write essays. The essays are to be sent to the Cambridge Tribune. More twigs will be sent to this city if there are not enough in the first bundle now on its way.

BETTER STOCK IS OBJECT

Allen-co Farmers Are Issued Certificates

BUREAU DIRECTORS MEET

Plans Under Way For Annual Meeting In January

In the better stock campaign being conducted in Allen Co. in connection with the state-wide movement for pure bred sires, "better sire" certificates have been issued to the following Allen-co farmers: Jesse and Joel Amstutz, Columbus Grove, Sidney C. Hanens in, Beaverdam, Andrew Fritz, Bluffton, T. J. Watkins, Gomer Earl Hilly, Bluffton, W. L. Gaby, Bluffton, Nelson C. Herr, Bluffton, Hiram L. Gr. z, Bluffton, and John Luganbill, Columbus Grove.

County Farm Agent H. I. Ridge said the purpose of the movement is to enroll and give publicity to farmers using pure bred sires, with the aim that in time all cattle will be pure bred. He said one thing makes for improvement in livestock are the men who are serving and build up better types of farms. It is the nature of livestock to degenerate back to scrub industry, and if it is not for breeders of pure bred cattle

furnishing a continuous stream of good sires to cross in grade animals, it would only be a few generations before the general quality and type of livestock in this county would move backward several years, or in other words, lose all that has been gained in a recent years.

At the meeting of the board of directors of the Allen-co farm bureau with County Farm Agent Ridge Friday plans were outlined for the annual meeting of the farm bureau to be held in Memorial Hall. Tentative is set for Jan. 3 or 4, depending on the ability to get the two speakers desired. Speakers will be of national prominence, and each will have a real message of interest to farmers and business men.

Farm women are making plans to give a play at the night session. Meeting will begin at 9:30 a. m. and continue all day.

Ridge states that Pulaski Co. in Virginia has more men enrolled in the better stock campaign than any country in the United States, with more than 700 farmers enrolled. Recently a big advertising campaign erected a large sign pointing out this fact.

Shawness tp. will hold a community meeting in the community house Tuesday at 7:30 p. m. Election of officers and a program will be held.

SHAMA TRIAL SET FOR DEC. 6

Cuisse Judge to Hear Case Against Leipsic Man

OTTAWA — The trial of Fred J. Shama, Assisted merchant, Leipsic, on an indictment charging non-support of his three minor children, has been set for December 6.

Because Herbert P. Eastman, son of Judge E. H. Eastman, is attorney for Mrs. Shama, said to be common law wife of the Leipsic merchant, filed a writ for his arrest, after she said, he had discarded her and married another.

Mrs. Shama declares Shama's wife is now in hiding away from Leipsic. Mrs. Shama is expected to tell of incidents in nine years of life with Shama as his common law wife.

The federal grand jury in Toledo recently investigated a charge that Shama transported the mother of his three children from the Assyrian colony in Troy, N. Y., to Ohio, for white slavery purposes.

Mrs. Shama also has an action for money involving more than \$1,000 pending against him, in common pleas court here.

Shama, who was indicted by the September grand jury, on a charge of non-support, has been out of bond since he is proprietor of a five-and-ten cent store, a ladies' and men's wear and jewelry store in Leipsic.

MAN KNOWN IN OTTAWA WRITES BIG MOVIE PLAY

OTTAWA — Reports from Universal City, Cal., the big studio plant from the Universal Pictures corporation state that the last camera work has been completed on "The Stern Daughter," a new Priscilla Dean production. It is said to be the greatest thing this popular actress ever did. It was adapted by Edward Montaigne from the story by Leece Renick Brown, son of Mr. and Mrs. John W. Brown, of Ottawa.

In "The Stern Daughter" Miss Dean has a role that fits her to perfection, Brown wrote the story especially for Miss Dean. It is said, to give her opportunity to portray the qualities that have made her popular as a screen actress.

Brown, the author of the play, is well known in Ottawa and in Putnam-co.

CAGERS TO PLAY

VAUGHNSVILLE — The Vaughnsville High school basketball team will be pitted against the Columbus Grove team on Friday night, Nov. 28. The game will be played at Columbus Grove.

OFFICERS TO BE INSTALLED

OTTAWA — Installation of newly-elected officers of Putnam chapter, Order of the Eastern Star, has been set for Thursday night, Dec. 13, in Masonic temple. Mrs. Mae Agner is returning worthy matron.

OTTAWA SOCIETY

SOCIAL CALENDAR MONDAY

Joint meeting and dinner of Ladies' Centennial, Research, Altura, Study and Profit and Pleasure clubs, Presbyterian church basement, evening.

TUESDAY

Weekly meeting of Kiwanis club, with old-fashioned Thanksgiving dinner at Hotel DuMont, and Ladies' night celebrated. Mrs. H. F. Rauh will entertain the Harmony Five Hundred club, afternoon.

Miss Julia Kaple will be hostess for the Wego club, evening.

WEDNESDAY

Mrs. Edward Gerding will entertain the O. N. O. club, evening.

THURSDAY

Entertainment and playlet at St. Peter and Paul's school auditorium, under auspices of the Blessed Virgin Sodality, evening.

FRIDAY

Second number of the Ottawa lecture course will be given at Tawa theatre, evening.

The week in society will be marked by two principal events, that of the joint meeting of study clubs Monday night at the Presbyterian church, and Ladies' night at the Kiwanis club, Tuesday.

Then Wednesday will be the day before Thanksgiving and boys and girls who are attending school will return for the Thanksgiving festivities.

Many Ottawa persons are arranging for dinners to bring together kin from a distance and withal, the week will be one of great activity.

Many, too, will pass the Thanksgiving holiday out of the city and society promises to be on the alert for the next ten days to come.

A joint meeting of the study clubs of Ottawa will be held Monday night at the Presbyterian church, when the program will be given by members from each club.

Representatives from each club have been named to assist in decorations of the basement of the church, where the meeting will be held.

A pot-luck dinner will be served, after which the program will be given. More than 50 women will be seated at the banquet table. Clubs represented are the Ladies' Centennial, Research, Study, Altura and Profit and Pleasure.

Mrs. A. P. Sandles will be the principal speaker, talking on "Club Federation."

Miss Helen Sandles was in Columbus for the big Ohio State-Illinois football game, Saturday, the guest of her sister, Mrs. W. S. V. Cottingham. Miss Sandles remained for one of the fraternity dances, held Saturday night.

Mrs. Lawrence Labadie opened her home, Tuesday afternoon, for the meeting of the Harmony Five Hundred club, entertaining most delightfully. Mrs. Labadie invited Mrs. J. W.

Smith and Mrs. Alphagao Kerating to meet with the members.

Mrs. George W. Kahle and Mrs. J. W. Smith were successful at play and were awarded the dainty trophies.

Mrs. Labadie served a delicious luncheon. The club adjourned to meet Tuesday afternoon with Mrs. H. F. Rauh.

Mrs. Harry Kahle entertained at the former meeting. Mrs. Kahle just recently having been admitted to membership in the club.

Young people of the Blessed Virgin Sodality of St. Peter and Paul's Catholic church have extended an invitation to friends and members of the church to attend the presentation of a playlet and entertainment, to be given Thanksgiving night in the school auditorium.

Ladies' night will be observed Tuesday in the Kiwanis club, with the annual Thanksgiving dinner served at Hotel DuMont. Rev. William Surdival, pastor of the Presbyterian church, will deliver an address on "Thanksgiving."

Daughters of Rev. Surdival and of Mrs. Surdival will give the program. Mrs. Otha Lutz, of Lima, and Mrs. Floyd Baxter, of Middle Point, will favor with local numbers and Miss Elizabeth Surdival, another daughter, will give readings.

Covers will be laid for more than 125 at the dinner.

Ottawa members were among the out-of-town guests who attended the party, given at the Elks' Home in Lima, Wednesday night, when out-of-town members especially were honored.

A dinner-dance, with cabaret features, marked the festivities.

In the Ottawa party who mingled with out-of-town hosts were Mrs. and Mrs. H. J. Aubrey, Mr. and Mrs. Sig. Wise, Mr. and Mrs. Albert Kerating, Mr. and Mrs. Charles A. Farrell, Mr. and Mrs. George W. Kahle, Mr. and Mrs. C. D. Rush, Mr. and Mrs. Lawrence Labadie, Mr. and Mrs. A. H. Wehinger, Miss Helen Fakke and Clay Frey, of Miller City, and Mr. and Mrs. Newton McDowell, of Continental.

Mrs. J. C. Jones and son, Robert Jones, and William Ruch were in Columbus, Saturday, to attend the football game between Ohio State University and Illinois.

The approaching marriage of Miss Mary McNulty and Harry Hermlinger was announced at a pretty social event given Tuesday night. The wedding will be an event of January 15 of the new year, in St. Peter and Paul's Catholic church.

Miss McNulty had invited members of the Wego club to meet with her and had bidden a number of guests. It was not until the meeting was well under way that a messenger boy arrived, bearing a telegram for Miss Hildegarde Buescher, president of the club.

Hastily opening the missive, Miss Buescher read aloud the information which conveyed news and date of the approaching marriage.

Miss McNulty has been bookkeeper at the Gillespie bakery and has a wide circle of friends. Supper was enjoyed while plans of the newly-betrothed couple were discussed.

The club and guests were bidden to the home of Miss McNulty's sister, Mrs. Louise Rampe. Guests were Mrs. A.

Shelley, Mrs. Harry Kahle, Mrs. C. D. Rush, Mrs. Harry Rampe, Mrs. Joseph Wehinger, the Misses Frona Moening and Cornelia Landwehr and Miss Amelia Steachute, of Leipsic.

Mrs. W. A. Butler welcomed the O. N. O. club to her home, Wednesday night, entertaining most delightfully. All members of the club were present. Three tables were laid for the game of blind Pedro.

Mrs. Casper Patenberg and Mrs. Joseph Beutler were successful and were awarded the trophies. Mrs. Anna Kolhoff was the winner of the lucky number prize.

A delicious supper was served. The meeting Wednesday night will be held with Mrs. Edward Gerding. The club name is "Our Night Out," but members refer to it as the "O.N.O."

Mrs. H. M. Summers and her daughter, Mrs. Carl Krush, spent Saturday with friends in Lima.

Miss Frona Brinkman and her sister have returned from a short stay in Toledo.

D. K. MacBride and Paul Farrell were in Columbus Saturday to attend the football game between Ohio State and Illinois, on the grounds of Ohio State.

Mrs. Ballish and her sister, Miss Lily Saloun, spent Thursday in Lima.

Mrs. Bert Halmes, Mrs. George Miller, Mrs. Clarence Witte, Miss Ola Bogart, Miss Zoe Frantz and Miss Helen Turner, of Columbus Grove, came Thursday night to attend the meeting of Putnam chapter, Order of the Eastern Star, and for the initiation of candidates.

Mrs. Charles A. Ferrall charmingly entertained the Altura club Tuesday evening at her home in rooms made delightful by the addition of autumn flowers and plants.

In response to roll call, current events were named by members.

Mrs. Samuel Kerr gave a paper, "A Short History of the Outlying Possessions of the United States." Mrs. E. Prick told of "Bird Sanctuaries in America."

A delicious supper was served in the social hour. The club will join with other study clubs in Ottawa in the union meeting to be held Monday night at the Presbyterian church.

The meeting of the club following will be held with Mrs. George Frick.

The former meeting of the club was held at the pleasant home of Mrs. John T. DeFord, when a large company of guests were invited to meet with members. The most delicious experience of members was given in response to roll call.

Miss Thrapp spoke on "The Isthmus of Panama" and Mrs. D. R. Hinkle talked on "Nature's Orchestra."

A contest was enjoyed and a collection served in the social hour during the late evening, before guests and members bade each other goodnight.

Mrs. J. O. Cartwright extended delightful hospitality, Wednesday night, entertaining members of the bridge club, of which she is a member.

Mrs. John T. DeFord was one of the entertainers of Friday night, welcoming members of the newly-formed

bridge club of young matrons to her home. Mrs. Charles Miller was a previous hostess.

Mrs. Pearl Moore and son, Ray, have gone to Virginia, where they will spend the winter with Mrs. Moore's sister, who has been visiting them and who returned to the south at the same time.

Rev. William Surdival and Mrs. Surdival will entertain over the Thanksgiving festivities the families of their daughters, Mrs. Otha Lutz, of Lima, and Mrs. Floyd Baxter, of Middle Point, and Miss Elizabeth Surdival, of Toledo.

Mrs. Pearl Moore and son, Ray, have Moore's daughter, Miss Lenz, in Columbus Grove.

Mr. and Mrs. Maxwell, of Miller City, were in Ottawa, Thursday, coming to spend the day with friends here.

Mrs. E. L. Frey is spending a few days with friends in Toledo.

Miss Eleanor A. Meyers is in Toledo for a visit with her sister.

Mrs. A. M. Brown welcomed members of the Ladies' Centennial Book club at a dinner at Farrell's restaurant, Monday, the occasion being the weekly meeting of the club.

Half a dozen guests were invited to enjoy the dinner. Each member and guest carried home a pretty Thanksgiving remembrance. A social hour followed the dinner.

Miss Julia Kaple will be hostess for the Wego club, Tuesday evening, entertaining at her home on Defiance-st.

Fudge E. R. Eastman and Mrs. Eastman are entertaining Mr. and Mrs. Harold Eastman, of California, the former of whom is their son.

Music lovers of the village will be present in large numbers, at the second number of the lecture course, to be given Friday night at Tawa theatre, where the Marimphone quartet will be the attraction.

PITMANCO LICENSES

OTTAWA — Marriage licenses have been issued in Putnam-co. during the past week to the following persons:

William H. Steiner, 20, restaurant clerk, and Miss Gladys Idonna Trout, 17, clerk, both of Pandora.

Daisy Winkle, 21, Liberty-ty farmer, and Miss Maggie Mosher, 19, housekeeper, of Leipsic.

Engene Williamson, 21, farmer, and Mrs. Goldie Jenkins, 20, housekeeper, both of Continental.

Adolph Desoete, 27, beet worker, Rock Island, Ill., and Miss Florence Ball, 22, housekeeper, of Miller City.

BLUFFTON MAN STRICKEN WHILE WAITING FOR CAR

Stricken with an attack of heart trouble Saturday night at the Western Ohio station while awaiting a car to return home, Irvin Woods, 24, of Bluffton, was taken to City hospital where his condition is reported not grave. Woods previously had suffered heart attacks, it was reported.

LODGE OF SORROW TO BE HELD BY ELKS ON DEC. 2

Annual memorial services for members of Lima lodge of Elks who died within the past year will be held at 4 p. m. Sunday Dec. 2, at the home on W. North-st.

Hon. Anthony Dunlap, of Cincinnati, past exalted ruler of Cincinnati lodge and a man of exceptional oratorical ability has been selected as the principal speaker.

The Elks male chorus will be on the program which as yet is incomplete. Services will be held in the club banquet hall and are open to the public.

SHANK WILL HEAR FATE TUESDAY

Convicted Killer To Spend His Thanksgiving In Pen

OTTAWA — Charles Shank, 37, Putnam-co farm hand, convicted of second degree murder last Wednesday, probably will spend Thanksgiving in the Ohio State penitentiary in Columbus. He will be brought into court Tuesday morning to receive his sentence.

Shank was convicted by the jury on a charge of second degree murder for the killing of Mrs. William Tenwalde, mother of his sweetheart, Olivia Tenwalde.

Before killing Mrs. Tenwalde, Shank shot down Olivia, the mother of his sixteen-month-old child, and Lawrence Tenwalde, whom he believed was his rival for the affections of Olivia, and who had supplanted him as farm hand for William Tenwalde.

Shank, on Thursday, pleaded guilty to these two indictments outstanding against him—the killing of Olivia Tenwalde and her cousin, Lawrence Tenwalde.

Papers will be made up at once by Joseph T. Peters, county clerk of courts, and it is planned to remove Shank to the penitentiary as soon after he is sentenced as is possible under the law.

It is expected, under this plan, he will arrive at the penitentiary in time to spend Thanksgiving there.

William T. Tobias, of Gilboa, and his son-in-law, Milton Krenz, of Blanchard, were both members of the jury which convicted Shank.

Mrs. George DeVore, of Blanchard, one of the prospective jurors, was removed by use of one of the peremptory challenges in the hands of the state.

When the second venire was called, Howard DeVore, son of Mrs. George DeVore, was called, qualified and was a member of the jury which convicted Shank.

HELD FOR FRAUD

Robert Hameral, claiming Cincinnati as his home, was arrested Saturday night on a charge of defrauding an innkeeper, Robert Shafter, manager of the Harrod house, filed the complaint.

MORE TIME GIVEN ON SEWER JOB

City Not To Force Issue, City Manager Says

Taking the position that nothing can be gained for the city by trying to force the Royal Indemnity Co. to act on the proposition of finishing the Fred R. Jones Co. intercepting sewer contract, City Manager Bingham Saturday said the company will be given still further time in which to adjust matters and indicate its intentions relative to the completion of the contract.

Originally the company was expected to have notified the city by Nov. 15 whether it would finish the job with the penalty that if it did not finish the contract the city would and then collect on his bond of \$170,000 given to guarantee the completion of the Jones contract.

"We could gain nothing by trying to force the issue at this time," says Bingham. "The bonding company will, I am sure, complete the contract but there are some things that need adjusting."

OHIO STATE STUDENTS TO HOLD BANQUET DEC. 7

Felix Held, secretary of the college of commerce and journalism of Ohio State University, will be the principal speaker at the annual Ohio State Day banquet to be held at the Hotel Barr the evening of Dec. 7.

A radio has been obtained and after the banquet the party will tune in on the program being broadcast from Columbus. There will be a series of songs and cheers led by John Creps, former state cheer leader.

Keith DeVore, Lima boy on the State football squad, has been invited to attend the banquet and aid in the celebration. Other features are being planned to make the entertainment one of the best ever held.

Announcement letters are being mailed this week to all known students and former students of the university in the county. Those who do not receive one of these letters are asked to call Miss Margaret Creamer at the T. W. C. A.

TO THE ELKS BOND SALESMEN, THERE WILL BE A DINNER AND IMPORTANT MEETING OF THE CAPTAINS AND SALESMEN MONDAY EVENING, NOV. 26TH, AT 6 P. M., IN THE BANQUET HALL. A ONE HUNDRED PER CENT ATTENDANCE IS EXPECTED. SOCIAL SESSION FOR ALL MEMBERS OF THE LODGE, TUESDAY, NOV. 27TH AT 8 P. M.

BUSINESS CONDITIONS

THE past week has been one of the most optimistic since the securities depression started in the late spring. Declining crude oil production, increased earnings of railroads, advancing sugar quotations, an easy money market, and continuance of British-Franco diplomacy, brightened the skies of big business. Stock and bond prices immediately responded, and steady gains occurred in all standard shares.

A lighter run of cattle helped the live stock market, and wheat carried all cereals upward in its general advance. The only cloud in the week's optimism, was the shutting down of Pennsylvania repair shops until December fifth, and a report that unemployment was increasing in the Detroit automobile district.

Christmas trade has started with a rush, and merchants are in the busy season. Dumping of huge sums of savings club monies in the trading purse will further bring active bids from the wide awake retailers, whose stores are reported as possessing the largest and widest range of merchandise ever put on the Lima market.

Buying from over the district was much in evidence during the week, out of town trade being the heaviest in months, and as usual, almost all spot cash. The smaller towns are sending hundreds of shoppers into Lima stores.

Building operations next year will be in bigger volume than this, according to advance information from Building & Loan associations. Money at the banks is in fair supply and heavy demand, with no advance in discount rates. Municipal financing is still hopeless, with a desperate outlook for the next year.

THE SLAUGHTER IS COMING

DEATHS reported daily thruout the country as the result of drinking poison booze may be taken as an indication of what is to be expected during the holiday season if those who are willing to take a chance to quench their thirst run true to form.

Every Christmas and New Year the daily press is full of long casualty lists—gloom news telling of the death, blindness and other serious results of the foolish who accept some bootlegger's word that "it's old stuff."

The lies of the unscrupulous poison peddlers are the only "old stuff" of which the gullible should be certain. At that is necessary to prove this is the statement of government experts who announce that less than two per cent of the vast amount of illicit liquor sold is genuine and that the balance is dangerous if not deadly poison.

It is next to impossible to get real whisky in this part of the country. It is certain that there is practically no pre-Volstead stock obtainable and when a concoction is offered as such, it is a thousand to one that it is a fake.

Government statistics also show that there has been a big drop in the quality of "moonshine" booze which is being sold. They find it is made from every conceivable product and that there is little or no care taken in the making. What can the public expect when the stills that are taken by officers are found to be made from metals which in themselves lend to the danger of the fluid and the "mash" is found to be little above the common run of swill?

Those who take a chance on the bootleggers' potions are dying every day in this country. It is terrible to contemplate the death and physical destruction which will result from holiday spree on this stuff. If you are enjoying your stay on earth and feel that you must have a drink stronger than that to be found at the soda fountain, remember that you are gambling with Death and that the dice are loaded.

GOVERNOR IS PANNED

CHARLES W. MONTGOMERY, chairman of the Republican state central committee, probably paving the way for extraordinary effort next year in

behalf of his party's nominee for governor, is already starting a campaign against the present incumbent in the executive office.

It's getting to be so that candidates are not advanced on their own merits, but are set up on a pedestal to become the beneficiaries of a campaign against others in office. Montgomery's plan is no different from those of other chairmen who preceded him in Republican headquarters and is likely to be rewarded in much the same manner.

The chief of the Republican forces in the state points out that during the past four months expense ditures of the Donahay administration for the conduct of the government of the commonwealth cost the taxpayers half a million dollars more than for the same four months of 1922, under the regime of Governor Harry L. Davis. Republican headquarters tells only half the truth. Of course, it wouldn't do to tell all of it. The desired results couldn't be had by so doing.

Not for the purpose of setting up political propaganda, but as a matter of fairness and justice, it should be stated that the very thing Montgomery complains about was foreseen by a Republican legislature and appropriations made accordingly. So many new departments of government were set up by the last legislature that additional cost has been inevitable. Of course government costs more from year to year, the same as most everything else.

While the Republicans are responsible for the very thing they are now using to pan the chief executive and his administration, they're not telling the people that with increased expenditure there is also increased income. There's the motor bus department of the Public Utilities commission, for instance. Altho the board of control could scarcely be induced to grant an appropriation for running expenses, it will bring the state more than a million dollars a year.

DID JESSE REALLY LIVE?

JESSE JAMES never lived at all, R. F. Dibble claims in his new book, "Strenuous Americans." The notorious bandit, according to Dibble "was a pure creation of the mind. He was born, he lived, he died, in the complex and far-reaching imagination of his race. He was America's Odysseus, America's Beowulf, America's Robin Hood."

Over a western bank we once saw a weather-beaten sign riddled with bullet holes which old residents claimed were from Jesse's pistol. We have seen other historical relics of his career. We have further been led to believe that Jesse was shot April 3, 1882, while hanging a picture on the wall, and we have talked with old-time reporters who "covered" that shooting.

All hokum and bunkum, according to dabbling Mr. Dibble.

We'd be inclined to believe that Dibble is joshing—if he weren't so historically accurate in his treatment of other characters in his book: such as P. T. Barnum, Brigham Young, Mark Hanna, Admiral Dewey and James J. Hill.

Come to think of it, we never actually SAW Jesse James. All we know about him is hearsay, second-hand evidence. So we have to believe either Dibble or the rival faction of historians.

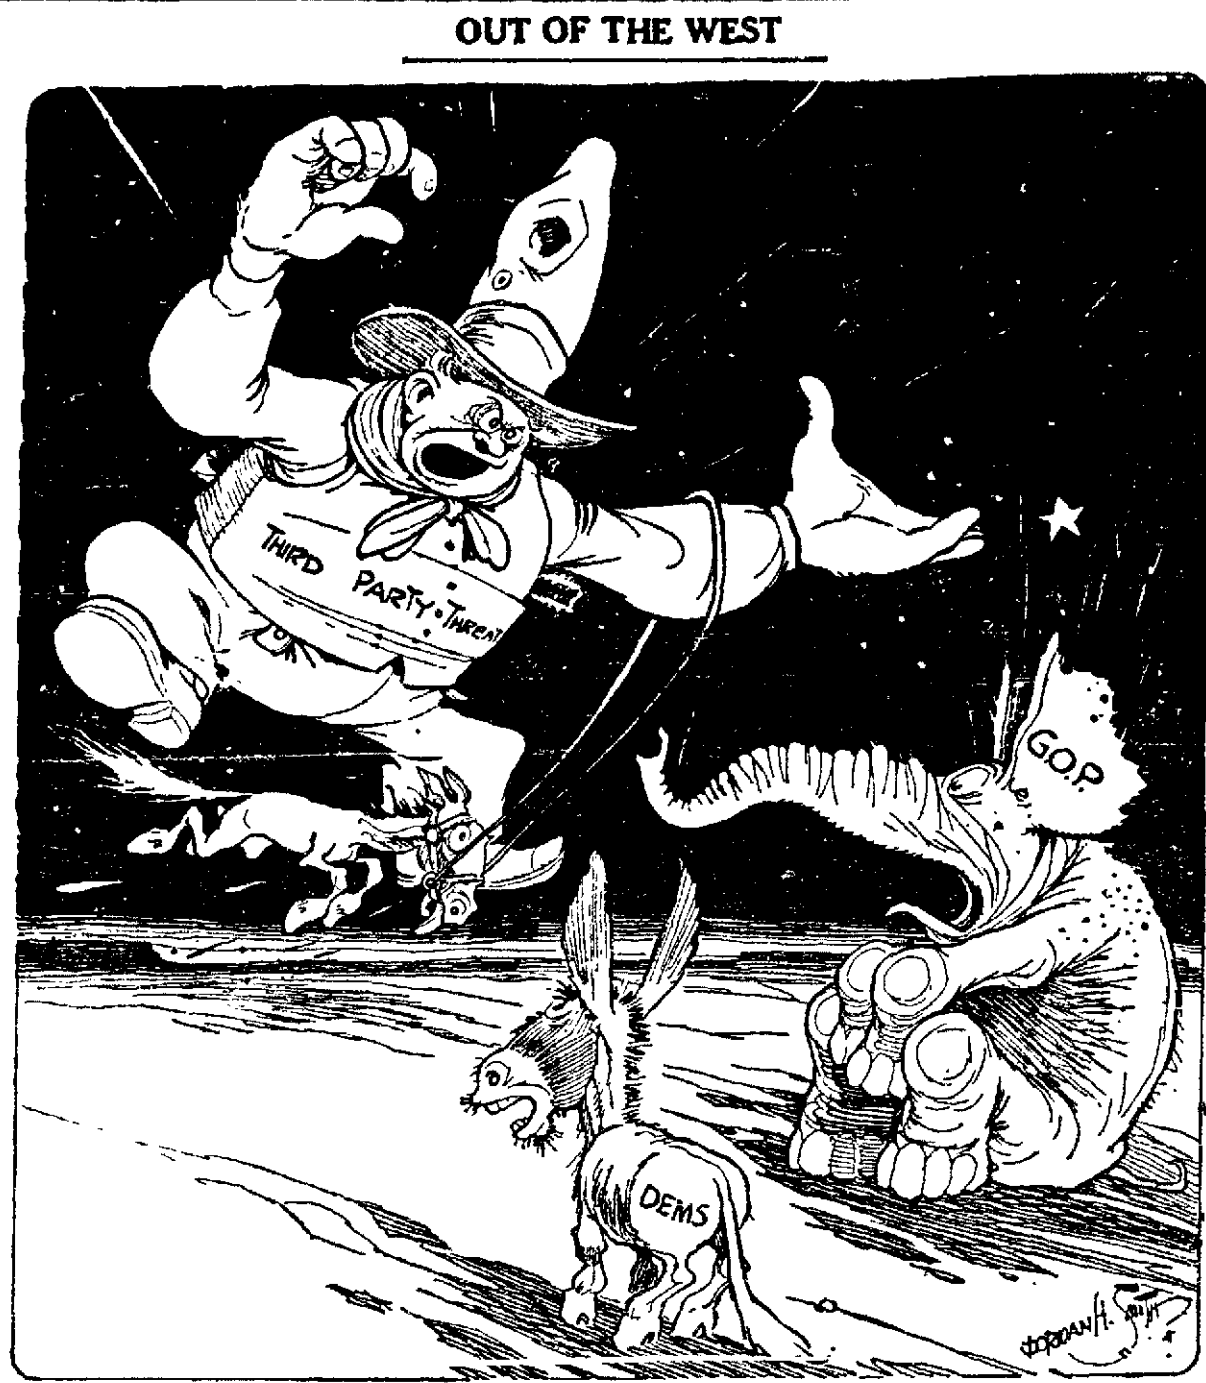

The more we ponder this, the less certain we feel of our ground. And the more it dawns on us that 99 per cent of the things we "know"—things we accept as unquestioned fact—are merely matters of faith on our part.

For instance we have always believed that Columbus was first to discover America, tho we have no actual proof that any such person as Columbus ever existed. Our confidence in Chris rests on tradition—Inherited say-so.

Similarly, we believe there's a city named Hongkong, tho we've never seen it.

Faith is the mightiest of all human forces.

A disguised grocer tells us he is broke because he not only gave credit where credit was due.

BY DR. WILLIAM BRADY SEBORRHEA OLEOSA

I do fondly hope that my readers have by this time begun to think that the pores ain't what they used to be. It is no small matter abolishing such a deeply grounded fallacy as the popular one that the human skin has a phenomenal set of pores, each equipped with a little trap door which opens and shuts almost at the whim of fate, and that it is, technically speaking, all off with the poor chap who happens to go out somewhere while his pores are all open thru some accident to the trap door machinery. But with the right inspiration and determination a great deal may be accomplished in this direction. I've been engaged in this crusade only a few years and to date I have abolished the following:

- (1) Colds.
- (2) Nervous breakdown.
- (3) The rheumatiz.
- (4) Marking babies.
- (5) Uric acid.
- (6) Billiousness.
- (7) ——— pathy (fill in the blank yourself.)
- (8) The climate.
- (9) Overwork.

I always did hate to hear of people succumbing to No. 1 or No. 9; so I put a stop to it.

Rouse up, now, folks, and give ear. We're coming to the medicine. You know I always reserve that till the very last; then, quite likely, discover I haven't room left to give it. I don't give much medicine here, but such as I do give is real medicine.

It requires a little room to administer real medicine as anybody knows who has ever given a live boy a nice dose of castor oil.

A famous lotion for simple seborrhea, excessive oiliness of the skin or "enlarged pores" is called white lotion; the recipe is: Zinc sulphate, one dram; sulphurated potassium (also called potassa sulphurata and liver of sulphur, one dram; rose water, four ounces.

It is only with fear and trembling that I venture to print a formula occasionally, for I never can rest quietly for many nights afterward till I see what weird effect the printer gets out of it.

About a teaspoonful of the sulphate of zinc and a teaspoonful of the sulphurated potassium is the right amount to four ounces of water or rose water. The rose water kinda kills the frightful aroma of the lotion, tho some persons do not object to the odor. This lotion, a yellow grayish white mixture, must be well shaken up each time, just before it is applied. It should be applied by dabbing it on the skin with the fingers, and allowing it to dry on. It may be used each night, each alternative night or in some cases two or three times daily. Wash it off next morning. After a week or two, if it is used frequently, some irritation of the skin may be noticed. If so, set the medicine on the shelf over the sink for a week or two, then resume as needed.

THIS LITTLE WORLD

NEW ORLEANS

BY A. H. FREDERICK

SAN FRANCISCO — Prohibition honors for 1923 go to Dennis Dullea, resident in the extensive industrial section of San Francisco known as "South of the slot."

Recently federal prohibition agents raided his saloon. Accustomed to all modes for disposing of contraband liquor hurriedly, the agents moved rapidly to thwart such denouement. But no hurry or flurry on the part of Dullea. He registered amazement only.

Then it developed, if Dullea was believed, that he had never heard of Volstead or prohibition. And why, he wonders, if it is against the law to sell liquor, why wasn't he raided at some previous time during his three years as barkeep. Nor is he the only one who wonders that.

Among California products one noticeably lacking in modesty. By billboard, advertising matter, circulars and roadsigns, the various counties proclaim their glories to all. Thus one admits it is the county of "peace and prosperity," another claims to be the "sunkist vale," while others state they are the home of the "big" or "biggest" whatever its prime agricultural product chances to be.

Tulare has been somewhat outclassed in the past. Her comparatively modest shibboleth was, "You'll like Tulare."

Too modest Now she's to become "The Land of Milk and Money." Comes also the city of Fresno seeking a new claim to fame.

center of one of the seven leading counties in the United States in the combined value of farm crops and livestock products, nor with her nationwide "Raisin City" reputation, nor with having more than doubled her population within the last decade.

Now opens a campaign to make this, the largest center between San Francisco and Los Angeles, also the best dressed, "the style center of the San Joaquin Valley."

JUST FOLKS

BY EDGAR A. GUEST

HERE, SON,
I watched him bending o'er his book
And smiled at his troubled look
And wrinkles in his brow.
The problem troubled him, I knew,
And so I said as fathers do,
"Here, son, I'll show you how."

I've caught him many a time, I
guess,
Floundering about in deep distress
As I had found him now,
And knowing that he must be led
Thru tangled ways, I've always said:
"Here, son, I'll show you how!"

With hammer and saw I've toiled,
Rebuilt the things his hands had
spoiled
So that his eyes might see
Just how the puzzling work was
done.
I've said, "I'll show you how, my
son,"
That he might learn from me.

Not strict with him, but strict with
me,
My obligation is to be
If rightly he shall learn,
Beholding me and all I do,
So will he shape his conduct, too,
So will my faults return.

Some day when life is puzzling him,
And sore beset by dangers grim
He stands with anxious brow,
God grant I may be fit to say:
"Hold fast to honor thru the day—
"Here, son, I'll show you how!"

tract attention. And it worked.
Put me on blankets in the living
room. Though scrambled off as
soon as she went back to slumber.
(Maybe she went to bed later than
did I.) Albeit, unable to reach the
prize, warm fire in the grate. Be-
cause of a nasty, heavy wire screen.
So crawled with speed to the par-
ty. Where did find twelve (so
hey say) nice, glassy beer bottles.
This being twenty years ago. And
rolled them on the floor with glee.
Until there were fewer. And she
arose to spank me. Howbeit, I
howled again. They do say she
doesn't spoil me.

In the morning, came my grand-
mother. Mr. Harry Thomas, who
has a room with leafy things and
meat and Graham crackers in it, on
Main-st., calls her Mrs. Richie.
Funny. She comes when I say "Mom-
sey." And got my dress ripped,
crawling fast to meet her. It
should have been pinned up. Doc
licked my nose. Dogs are so big.

Out, in my new grown-up car-
riage. Waved to Mr. "Hinky-Dee"
Miles Standish. Who spoke intelli-
gently to me. Round the corner to
see Aunt Kit Oxley. And her auntie
gave me a pink bonnet for Betty.
My doll. Charlie Mitchell stopped
and talked to me, too.

In to lunch. And was fed on
mashed potatoes and milk. Albeit,
they had meat. I saw it. After
my nap, out to drive in the buggy.
Charley-horse is awful slow. Waved

Somebody said Alan Knisely went

After supper. We got to the
Methodist church too soon. How-
beit, I wish they'd move it way west
of Elizabeth and Market. Where it
is now. I can see the red brick

She gave me milk and bread and
put me to bed. Albeit I heard then
Auntie Madge Mitchell come in.
Auntie Madge has such a pretty
poupouder.

Higher than anybody's, methinks.
So, to sleep.

Waked in the noise. And howled.
So she came and took me out to
the table. Where he just came in

HARBAUGH IS IN CLERK RACE

Name Has Been Mentioned As Wallace Successor

MACK ASHTON WITHDRAWS

Roy Johns, Elida, Has Also Been Favored For Job

Entrance of William A. Harbaugh, expert stenographer, 951 Bellefontaine-ave. into the race for clerk of the county board of commissioners as a dark horse may upset plans of the G. O. P. executive committee to place Oscar O. Montague, Marion-twp farmer, in the chair, it was learned Saturday.

With the commission split three ways on the selection of a successor to Glen I. Wallace, who resigned to accept appointment as recorder, Harbaugh looms up big as a harmony candidate.

Especially in view of the elimination of Mack Ashton, former postmaster of Spencerville, who has withdrawn.

Ashton, it was learned Saturday, has obtained a position with a local industrial plant for the time being. Later, it is hinted, he will accept appointment as a county bridge inspector.

Strong pressure is being exerted, it was learned Saturday, by the Republican committee to force thru Montague's immediate appointment. He was endorsed by the committee for the post, but as yet has been unable to clinch the plum.

LIMA REPRESENTATION
Demand for Harbaugh's appointment to give Lima representation in the commission's office is growing among local Republicans. He is also being boosted because of his clerical experience.

Ray Johns, of Elida, the third candidate in the race, has not made a formal application it was stated Saturday. He may withdraw, leaving the field to Harbaugh and Montague.

Commissioners may decide on the appointment shortly after New Years. At present the line up is as follows, it is said:

Walter W. Craig; opposes Montague's appointment and favors Harbaugh.

Andrew J. Gray; will follow the committee's recommendation; and vote for Montague.

John W. Thompson; has not committed himself in favor of any one candidate.

The office pays \$125 a month, and the duties are of a clerical nature. The position in the past, and still is, regarded as a stepping stone to political preferment.

SUTTER APPROVES INCINERATOR

Says Method Best On Return From Institute

That the incinerator plan of disposing of garbage and such refuse in cities the size of Lima was almost unanimously agreed upon by doctors who attended the Ohio Health Commissioners' Institute held in Columbus all last week, according to Dr. J. J. Sutter, health commissioner of Allen-co, who returned to Lima Saturday night after attending the sessions.

Discussion led by Dr. G. D. Lummas, health commissioner of Middletown, who told of the new incinerator plant in that city, proved one of the most interesting discussions during the entire conference, Dr. Sutter said.

"While a few health commissioners expressed themselves in favor of plan to dispose of garbage by feeding to hogs and by burying and otherwise getting rid of it, the vast majority of those present agreed the methods of incineration was by far the most efficient from the standpoint of health and service," Dr. Sutter declared.

Dr. Sutter said the plant at Middletown as described by Dr. Lummas cost about \$18,000. He said he personally favored the method of incineration. Method of feeding garbage to hogs was condemned by health commissioners at Columbus as it was not practical when hog cholera is prevalent.

BEER CONSPIRACY IS CHARGED BY DRY AGENTS

CLEVELAND—Existence of a conspiracy to distribute beer in the Youngstown and Cleveland districts is charged by prohibition agents in connection with the arraignment Saturday of Daniel O'Donnell, Cleveland, before United States Commissioner Monahan. O'Donnell has been released on \$10,000 bond for hearing December 7. A second man said to be involved in the case is being sought.

The charge against the men grows out of the trapping by state and dry maintenance league agents of a train of two trucks and two touring cars loaded with beer last March near Girard, Ohio. The liquor, it is said, was on its way to Cleveland. State Dry Inspector Don Wright was wounded in the capture in which nine officers and employees of the Smith Products Co. of Youngstown were arrested and the firm's brewery closed.

JEWELS TAKEN
LONDON—The apartment of Mrs. Oakley Maund, a wealthy widow in Westminster, was robbed of jewelry worth more than \$350,000, she reported Saturday. The burglars entered the apartment unheeded by four servants who were eating supper.

REPORT GIVEN BY SCHOOL NURSE

Child Welfare Chairmen Hear Results Of Examinations

At a regular meeting of rural chairmen of the Allen-co Welfare association last week, Miss Charlotte Bassett, rural school nurse submitted the following report for the month, ending Nov. 23: Number of pupils examined, 300; number normal, 88; with decayed teeth, 268; with abnormal throats, 194; with impaired breathing, 60; enlarged glands, 9; with defective vision, 63; number found underweight, 135; number without defects, 121; number of corrections, 60.

This week Miss Bassett will visit the following schools: Monday, Franklin and Hallinger in Perry-twp; Tuesday, Amherst in Perry-twp; Wednesday, Perry Center, Perry-twp.

Parents are invited to be present at the school the day the pupils are examined. Questions regarding health of children will be discussed with parents.

Plea that homes be found for a number of homeless children is made by Miss Eleanor Emme, director of boarding homes.

Boarding home is needed for a boy, age 14, in the northwest section of the city. The boy is anxious to have a home and expresses his willingness to do his part. A Catholic boarding home is also needed for a boy, 21 months old.

Free homes are being sought by the child welfare league for four homeless Catholic children. Their mother is dead and the father is unable to provide for them. Three sisters, age 10, nine and seven, respectively, would like to get a home where they can remain together. Another little 13-year-old girl is without a home. A boy, Robert, age 10, also needs a home.

Information regarding these children may be obtained from the Child Welfare League at Memorial Hall.

JOINT MEETING PLANNED BY BOARD OF COMMERCE

Directors of the Board of Commerce will hold a joint meeting at the Elks' home Tuesday with a dinner at 6 p. m., the plans for its having been announced during the past week.

Several matters of importance including a report from the special committee on nominations and methods of electing 0 directors for next year are scheduled for discussion, following the big dinner.

No executive committee luncheon was held last Thursday because of the absence from the city of a number of the committee members. Routine matters which would ordinarily have come before the luncheon meeting will be taken care of at the Tuesday evening meeting, it is expected.

LIMA GUARDSMEN ON QUI VIVE

Local Company Is Expecting Order To Mobilize

Every national guardsman in Lima is on his toes, starting today, and he will be on his toes until the end of the month, waiting for that emergency mobilization order for the entire state guard.

Sometime ago, Major Frank Hume, commanding a battalion of which the Lima company is a portion, received notice that the last week of November there will be an emergency mobilization order issued without further notice to determine how quickly the guard men can be mobilized.

Major Hume said Saturday the men are expecting the order any time from Sunday morning until midnight next Friday. The fan system will be used in mobilizing the men, he said.

Immediately the major gets the order he will phone his company commanders. They will communicate with their lieutenants who will notify the sergeants who will notify corporals who will notify the buck privates. And the poor buck privates will have to be on the job and mobilize the quickest and best way possible.

In the language of the army "it is the buck private who gets the hell."

SUIT ASKS FIRM'S BOOKS BE OPENED TO PLAINTIFF

Suit was filed in common pleas court Saturday by Mrs. Standish, former mayor to compel officers of the American Insecticide Co. to produce books in court and give an accounting. The action names Frank K. Fullington, Lucy Fullington, Wade Fullington, and J. W. Hill defendant. The American Insecticide Co. was organized to manufacture a liquid from him here Saturday.

ALL SPACE IS SPOKEN FOR

Special Attention To Be Given
Car Accessories

Lima's 1924 automobile show will be held in the Immigrant Motor Sales Co. rooms at 545 W. Market-st., Feb. 19 to 23, according to an announcement made Saturday evening by W. H. Howell, secretary of the Lima Automobile Merchants' association. R. H. Phillips of the Great American Mutual Indemnity Co. of Mansfield, O., will be the manager of the show.

All space for the display of passenger cars has been requested in applications now on file, according to Secretary Howell. He says the show rooms contains 20,000 square feet of display space which will give some idea, he said Saturday, of the extent of the 1924 show.

ACCESSORY DISPLAY

One of the features of the show this year will be the display of accessories, he said and special attention is going to be given this feature. "There is still space for the accessories," said Howell.

The past year has brought on the

market many devices of merit which were invented as aids to the car driver. The best of these will be displayed at the Lima show and it is evident now that the exposition will offer all that it is worth while in the up to date motor car and accessory line.

The passenger cars themselves will be of much interest this year for many car manufacturers have introduced radical changes in construction. The show will be entertaining and educational and should attract thousands.

Manager Phillips of the show is now in Cleveland acting as an assistant manager for the big auto show there according to Howell and will bring to this city a number of new ideas for the Lima show.

Finnicle was at city hall Saturday to make arrangements for meeting the commissioners Monday night, declaring he is "going to force a settlement of the matter."

Finnicle claims that by reason of the construction of the bridge the sidewalk and street was raised in front of his house and that he is

now below street level. He demands the city raise his house to the level of the street, put a cellar wall under the house and then fill in his lot.

EXPLORER RECEIVES EVENING PAPER BY RADIO

PRINCE RUPERT, B. C. — (Associated Press) — Wireless reports have been received from nine different countries and communication with a station in Hawaii has been established by the radio operator of the vessel Bowdoin, now 760 miles from the north pole with Captain Donald B. McMillan, Arctic explorer.

er, aboard, according to a message received here last night from the exploration party. Captain McMillan said in his message that "news of the world was received like an 'evening paper' from two European wireless stations."

"With the coming of the big night, amateur radio stations in the eastern states are being picked up and heard a little more distinctly," the message declared. "The Bowdoin wireless made a record for itself last night when Mix, our operator, talked with amateur station 6CEU in Hawaii. This distance of 5,000 miles is now the world's record for short wave stations. We have heard stations in England, Germany, Holland, Mexico, France, Norway, Italy, Japan and Spain. We receive news from stations in Oxford, England

and Nauem, Germany, and look forward each day to our 'evening paper.' "The long Arctic night, so much dreaded by explorers of old, and so vividly described with all its consequences in their narratives, has no terrors for the crew of the Bowdoin. Our living conditions are vastly different and all conducive to good health and happiness."

Capt. D. B. McMillan Selected the "Zenith" Set Because:

First—

The ZENITH is the only Set with a proven Range. Zenith nightly receiving stations all over the Northern Hemisphere and enabling McMillan and his crew to receive the news of the world daily.

Second—

ZENITH does with four tubes what others will do with five or more and does it better.

Third—

ZENITH is selective. Minimum of interference. Easiest to operate. Only two knobs to tune with and both equipped with fine vernier adjustments.

Fourth—

Quick in operation. With a Zenith you can listen to all of the stations in range which are in operation in two minutes or less. Make your selection and "tune in" on the one you want to hear in another minute. No "fiddling around" necessary.

Our Engineer Responsible for it All!

EXTRA!!

We have on display actual scenes of McMillan and his crew in the Arctic circles—showing the vessel Bowdoin frozen in the ice—Eskimos, icebergs and the like. They are mighty interesting to see—very educational. Come in and see them at your leisure time.

M. B. WEST, our engineer, designed, built and installed the Zenith Set that is now on the vessel Bowdoin which is now on its Northern expedition. The story of how the Zenith was selected above all others and the installation of the Radio is a mighty interesting one—when one considers that never before has such remarkable progress been made in the Radio field before in the covering of such a distance as McMillan has reported to the world—ZENITH SURPASSES ALL.

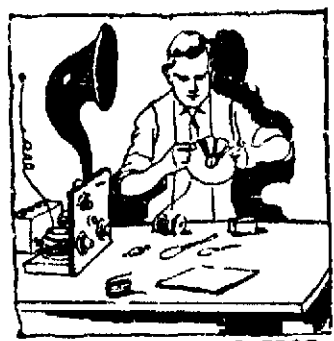

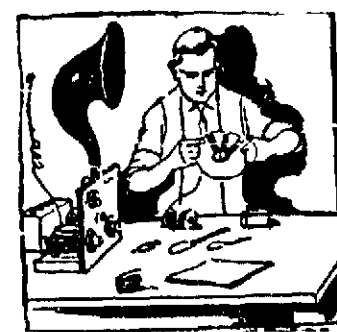

That's the reason why "The Radio Shop" has chosen the Zenith to install in Lima homes. Mr. West has proven for himself the superior and efficient features of the Zenith—it is no experiment and it does its work without a flaw.

Let us explain Radio so you can enjoy this wonderful recreational and educational invention that is taking the entire world by storm. Our Sales plan of introducing Radio into your home will appeal to you. Phone Main 2931 or write us and we will call at your home and talk Radio.

FARMERS DISCUSS INSTITUTES

Large Meeting Held At Memorial Hall Saturday

POSTER CONTEST PLANNED

Greater Community Activity Is Urged By Speaker

Many farmers attended the institute conference of four states and four independent institutes held in Memorial hall Saturday afternoon. D. W. Galehouse, assistant director of farmers' institutes of the extension department, Ohio State university, was present and told of the extensive program along institute endeavor adopted by the department. Galehouse declared that farmers' institutes are more in the nature of a community convention rather than an institute in which every community interest is considered, the object of which is the union of community organizations into an organized community.

Interesting charts showing how community organizations can be merged into a community organized was shown by Galehouse. Galehouse showed that in many communities the church, school, lodge, farm bureau and social club, while perhaps functioning properly within their own organization, are not achieving results of real benefit to the community.

He then explained how each community activity should be organized into one body. Its activities could consist of plays, institutes and the like. The department is especially desirous of reviving the community play idea, which has been losing its popularity for the last 10 years or so.

Department of Farmers' Institutes of the extension service is offering \$150 in prizes for the best posters advertising a farmers' institute. Fifty-one prizes will be given.

Galehouse explained the rules of the contest. Posters may consist of lettering alone or may be illustrated. They must carry the date of the institute and place where it is to be held. Size of posters must be at least 10 by 14 inches. Another rule is that they must have been on display in a store window or other conspicuous place for a period of at least one week prior to the institute.

Judging of posters will be done by three disinterested persons of the extension service, to be named later. All pupils in grade schools are eligible as contestants.

Complete information may be obtained from County Agent H. J. Ridge.

You Cannot Hide Your Fat

Overfatness is the one misfortune you cannot hide from yourself or from those around you. If too thin, your dressmaker or tailor can supply the deficiencies, but the overfat carries a burden they can not conceal. There is one sure way to reduce your weight safely and quickly. The famous Marmola Prescription, which changes the fatty tissues and fat-producing foods to solid flesh and energy, helps the general health and digestive, permits you to eat substantial food and leaves the skin clear and smooth. This famous prescription is now condensed into tablet form. Each tablet contains an exact dose of the same harmless ingredients that made the original prescription capable of reducing the overfat body steadily and easily without the slightest ill effects. Take but one tablet after each meal and at bedtime until the normal weight is reached and the bodily health completely restored. Ask your druggist for Marmola Prescription Tablets or send one dollar to the Marmola Company, 412 Woodward Ave., Detroit, Mich., the price the world over, and you will receive enough to start you well on the road to slenderness and happiness.—Advt.

New Watch May Change Mind As to How It Is Worn

With a remarkably clever little attachment, just invented, a tiny watch that may be worn in whatever manner its wearer elects, has just made its appearance in the window of Puetz & Pratt, Jewelers, 111 W. High St.

The most fickle and feminine of watches, does this little newcomer in the watch community seem to be. For, starting the day as a sedate bracelet watch, the "Versatile" may, if its owner chooses, suspend itself as a pendant in the afternoon, and in the evening perch pertly on the finger as a dinner ring.

"This is the first time," said Mr. Puetz, "that this new invention of three watches in one, with a movement half the size of a postage stamp, has been shown in Lima. And, though it changes its mind as how it is worn, it never does as to keeping time, for it is highly recommended as an accurate timepiece."

Tots Find Home At Wapakoneta, Judge Is Told

Two little tots, Welcome, 5, and Thankful Kels, 6, are happy today because they are going to have a home where they will be properly cared for.

For the past few days the children have been at Cleveland detention home. The mother deserted them and the father worked all day, leaving them alone.

In court Saturday morning the father, Tress Kels, told Judge Adams he had arranged a home for them with relatives in Wapakoneta.

SCHOOLS ACT TO GET TAAATION EXEMPTION

Representatives of Central and South high schools have filed application with the internal revenue bureau, thru the local office, for exemptions from federal taxation on admissions to football games and lectures for the benefit of the schools. Central asks it for a lecture Nov. 28 and South asks exemption from taxation for its Thanksgiving Day football game.

Both schools acted following warning in The Lima News from J. C. Marsh, deputy collector, that the schools will have to pay the taxes if they do not ask the exemptions.

TURKEY DAY GAME GRIPS CENTRAL

Annual Battle Holds Place as Chief Topic of Interest

The annual grid encounter with South High seems to have taken hold of Central High pupils during the past week. With the big game of the season only a few days off, spirit is rising to a high mark and the entire student body is talking about the approaching battle.

Second in interest is the third number of the lecture course which will be an event of Wednesday evening when Frederick Ward, Shakespearean actor and author, will deliver his lecture "Fifty Years of Make-Believe".

Members of the Dramatic club will give a banquet in Ward's honor Wednesday evening at 6 o'clock at the Barr Hotel. Over 60 reservations have been made for the dinner and it is expected to be one of the high spots of the year for the youthful dramatists.

Sixteen of the home rooms of the school have gone over the top in the Lincoln Memorial drive according to Principal R. E. Offenbauer. A drive to purchase a bronze tablet of Lincoln's famous Gettysburg address was started about three weeks ago. The drive will be continued.

A crowded house witnessed the fourth annual "gym" exhibition held in the school auditorium according to A. W. Schultz, director of the affair. Members of the boys and girls gym classes under Schultz and Miss Shulenberg took part in various drills, dances and athletic events.

Third of a series of one act plays will be given at the weekly meeting of Troubadorian Dramatic club, Wednesday, according to Miss Izora Shumaker, supervisor. "Double Crossed" is the name of the vehicle in which the following stars will perform: Fred Roberts, Paul Frysinger, Pauline Gams, Janis Hammack, Claudine Gross and Bernard Hollier.

Preparations for the art exhibition

which will be given by Frank Brewster, eastern artist, soon will be made by members of the Art club, announced Herbert Wise, president. The exhibition probably will start the second week in December and last for two weeks.

Art club members will start work soon on drawing for the Annual Mirror, Wise states. Staffs are being chosen now by Robert Shaffer, editor-in-chief.

A committee for the annual play of the Dramatic club and senior classes will be appointed some time soon, officials of those organizations state. The Dramatic club play will be on Jan. 25 while the senior play will follow two weeks after.

Miss Hilda Leete, a junior English teacher, will speak to members of the Mirror editorial staff Tuesday afternoon. She will tell of the early history of journalism, tracing it from the old Boston news letters to the present great dailies.

Mass meetings seem to be numerous with the Thanksgiving game creating wide interest. A pep meeting was held Friday afternoon in the auditorium with Joe Fritz, president of the Athletic association, in charge of the program.

Prof. Binkley of Ohio Northern, former member of the faculty of Central High school gave a short talk in which he stated his days at Central never would be forgotten. A 20-minute yell session was held with Jack Morley, head cheer leader, in charge. Other cheer leaders who participated were Miss Marian Cost and Katharine Moulton, Red McElderry and Leroy Coffman.

A pep meeting will be held Wednesday afternoon. An interesting program has been drawn up and the meeting should be one of the best of the year.

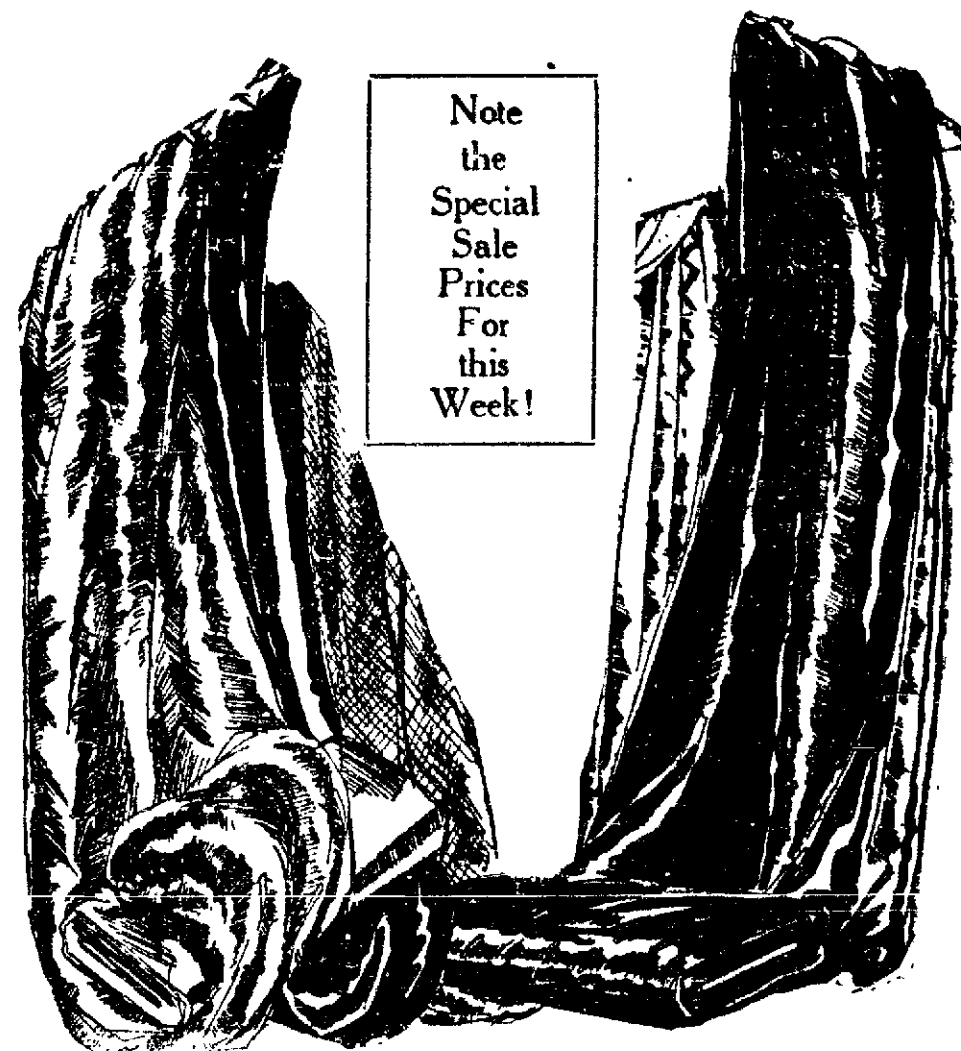

"Resolved, that the minority of the supreme court should be two or less is the bill to be discussed at the meeting of the senate, Wednesday. The affirmative side will be upheld by Senators Kaplan and Knisely while Poling and Chenoweth will support the negative side."

Prof. H. C. Minnich of Miami university spoke to members of the junior and senior classes of Central Thursday morning in the study hall. "Schools as a Social Device" was his subject.

COUPLE, ON LONG TRIP, HERE

50,000 Mile Trip Being Made Under Difficulties

GATHER MANY AUTOGRAPHS

Now Heading Toward Seattle on Way to China

Engaged in a 50,000 mile trip around the world which will take them into practically every country of importance, Mr. and Mrs. R. E. Baxter, of Minneapolis, stopped over at Lima a few hours this week while enroute to Toledo.

With the world trip being made primarily for health reasons, the couple have agreed with a friend of theirs in Minneapolis that they will make the entire trip on foot, except of course, water trips, and routes that cannot be negotiated afoot.

Mr. and Mrs. Baxter stated their trip Dec. 14, 1921, by leaving Washington, D. C. Since that time the couple have visited many states, Canada, Mexico and Cuba.

MANY ADVENTURES

During their travels they have en-

countered many exciting and interesting adventures, from being robbed by Mexican bandits to being treed by a pack of wolves in the northwest.

Perhaps one of the most interest-

ing things in connection with the trip is the autograph album that Baxter carries in his haversack. This album contains among the signatures, those of the late Warren G.

Harding, signed April 12, 1923; the late Charles P. Steinmetz, the electrical wizard; James M. Cox, Kenesaw M. Landis, the late Pauchio Villa, former Mexican bandit; L. J. Paderewski, noted composer; Jack Walton, erstwhile governor of Oklahoma; Al Jolson, and score of others, including the governors of 40 states.

GOING WEST

Mr. and Mrs. Baxter from Lima will go to Toledo, Detroit, Chicago and work west to Seattle from where they will take a boat to China.

They have made arrangements whereby they will be able to pay all of their expenses after they leave the United States. From China they will go to India, Africa and north into Europe.

Most of the distance is made on foot as one of the rules of their trip is that they cannot ask for a ride. Whenever one is offered they can accept and because of liability imposed upon a motorist who asks one to ride, they do not obtain many "lifts." For this reason, most of the time they are walking.

Chambers FIRELESS Gas Range

COOKS with the GAS TURNED OFF!

She didn't say—"I'll look further!"

When she saw the test on the Chambers Gas Range last week she said, "That's the range I want." Now she gets away every afternoon, and has hours of new freedom to enjoy with her children and her friends.

Why look around for an ordinary

gas range that burns gas all the time, heats up the kitchen, keeps you a slave in the kitchen, and uses up about \$36 worth of gas per year instead of the \$18 worth needed with a Chambers. You can apply the savings each month toward your monthly payment on the range.

Come in and find out about our "Easy Payment" Plan.

CODE WINS PRAISE OF POLICE CHIEF

Lanker Calls Parking Scheme
Unqualified Success

NEW SIGNS COMING SOON

Farmer Says New Idea Solves
Big Problem For Him

After two weeks of experimenting with a two-hour parking code has lived up to expectations and is a complete success, Police Chief T. A. Lanker said Saturday in issuing orders for city wide repair of traffic signs.

Majority of violators of the two-hour limit are traveling men or shopkeepers who are ignorant of the traffic law, records reveal.

Local motorists usually park at a maximum of one hour while merchants, who previously utilized the main business thoroughfares for all-day parking spaces, now leave their automobiles on streets bordering the restricted district and walk to their business establishments.

Survey of the city reveals several interesting features in connection with the revised law. On streets which previously were almost deserted, a steady stream of automobiles are seen along the curbs, and in the business district automobiles are moved at frequent intervals, providing space at all hours of the day and night for cars.

Rural shoppers are satisfied with the new arrangement. They have easy access to stores and the former necessity of carrying merchandise several blocks has been almost entirely eliminated.

One farmer who in the past always appeared at police headquarters and sought the assistance of a police officer in finding a parking space, Saturday sang his praise of the new method.

When I come into Lima now I can find a place to park my car," he said, "and when I want to go to another store all I have to do is jump in and drive to a second parking space."

Enforcement of the traffic law has been strict but in court leniency has been displayed. Warnings are issued and so far no fines have been levied.

Two traffic officers make the rounds of the restricted district every two hours. With pieces of chalk they mark cars and very seldom, except in cases of strangers, do they find a vehicle parked in one place more than two hours.

SIGNS ORDERED

Direction signs have been ordered

by the police department. They are expected here within the next week or 10 days and until their arrival no fines will be enforced in criminal court on first offenders, it was stated at headquarters Saturday.

Starting Monday all traffic signs in the city will be repainted and repaired. Many of the obsolete signs which were placed when parking was restricted to one side of a street are to be removed, repainted and used. Special attention is to be paid to alley direction signs which have been up so long that they are hardly discernable.

Letters on them are nearly obliterated and violation of the alley traffic regulations has been attributed by the police to this discrepancy.

SPECIAL CHURCH SERVICES

Thanksgiving Day Will Be Observed In Lima

Special Thanksgiving services have been arranged in a number of Lima churches for Thursday.

Two union services have been arranged. Congregations living on the south side will attend services at Olivet Presbyterian church Thursday at 7:30 p. m. Rev. A. C. Rowand, pastor of Trinity M. E. church, will preach. The other union service will be held at Central Church of Christ at the same time for congregations on the north side of Lima. Rev. Otis Harter will preach.

Zion Evangelical Lutheran church will hold Thanksgiving Day services at 9 a. m. Thursday, while St. Paul's Lutheran church will conduct services at 4 p. m. Thursday.

Rev. James O. Hillery, pastor of Epworth M. E. church, will preach on the topic, "Thanksgiving Thoughts," at services to be held at 7:30 p. m. Thursday.

Special services will be held at First United Brethren church every night this week with the exception of Saturday.

RELEASED ON BOND

CLEVELAND—A. L. Behner, general superintendent of the Cleveland Railway Co., was released on personal bond Saturday following his appearance in police court on a warrant charging failure to keep street cars sufficiently warm. Hearing was set for Monday. The warrant was obtained by E. E. Brown, president of the street car men's union after a protest mass meeting of conductors and motormen last night.

BINGHAM OPPOSES USING IODINE

Water Won't Be So Treated As Far As He Is Concerned

To iodine the city water or not to iodine it, that's the question.

Whether 'tis better to follow the present system and leave the water free from iodine and thus give agitators little chance to holler or whether 'twould be better to put iodine in the water and thus create a terrible hubbub, ay, there's the rub.

That is how city officials, were sort of paraphrasing Shakespeare Saturday when it was found there are false rumors afloat that iodine is being used in the city water.

City Manager Bingham said Saturday that as far as he is concerned there will be no using iodine in the drinking water furnished this city while he is city manager.

The city manager said he had investigated the matter and found no iodine ever has been used in the water here as far as present employees of the water department know.

There has been some agitation in other cities of the State, Bingham said Saturday, for the use of iodine in the water because of the fact that through this section of the country the water is woefully lacking in that chemical.

Medical men say that the absence of iodine in the drinking water in this section of the country is what makes it the goitre center of the United States.

Middies And Cadets Battle To Tie In Annual Grid Classic Before Immense Thro

Illinois Defeats Ohio Before 45,000 Devotees. Wooster Keeps Winning

OHIO STADIUM, COLUMBUS, O. — (Associated Press) — Illinois defeated Ohio State 9 to 0 in the annual game between the two institutions and won a tie with Michigan for the Western Conference championship.

With 45,000 spectators looking on, the trailing Western Conference Buckeyes played the Illinois eleven to a standstill in the first three periods, weakening in the fourth and permitting a field goal and a touchdown.

For a time it looked like the Buckeyes were going to spoil Illinois' championship aspirations. In the third period Ohio

expected, 6 to 0. This victory gives Wooster a season's record of five conference games won and none lost.

Most noteworthy in the day's conference games other than those which affected the championship, was Otterbein's surprising defeat of St. Xavier. The Illinois Westerners, who had been out of the game for 7 to 6, but until Wooster defeated the Cincinnati team, it had not lost a conference contest in two seasons. St. Xavier, however, was somewhat crippled.

Other conference games resulted as expected, Hiram handing Case another defeat, 13 to 0, and Reserve beating Holdberg by the same score.

WOOSTER-DENISON
WOOSTER, O. — Protected by interference that was the best Wooster has shown this year, Coach Holt's backfield stars turned in five touchdowns against Denison today, winning 22 to 0. Once Swigart, whose brilliant running was one of the features of the game, dashed 55 yards around left and for a touchdown after he caught a punt. Hurst and Smith scored after making forty yard runs, while late in the game Sears intercepted a pass and ran two-thirds the length of the field across the goal line, his feat counting for naught because he stepped out of bounds.

Denison was put on the defensive early in the first quarter when a Wooster drive of plunges, end runs and passes sent Hurst over for the first score. Hiram's efforts by Rogers and Stockum to advance the ball for Denison were cut short. Star's plunging and the work of Flattery, Manley and Pfeiffer on the line greatly aided Wooster.

AKRON-WESLEYAN
AKRON, Ohio. — Wesleyan finished the season here this afternoon showing unexpected strength against Ohio Wesleyan. The two teams battled scoreless through the first three periods, but Wesleyan's driving line plays late in the third quarter and early in the last period forced the blue and gold to the goal line, from where Ted Turney bucked the line for the only touchdown of the game. He missed a place kick following the score. Turney attempted three place kicks from back of the 30 yard line during the game.

OTTERBEIN-ST. XAVIER
CINCINNATI.—Otterbein won a hard fought battle over St. Xavier here today, 7 to 6, each team making their only scores in the second period. When Faust for Otterbein carried the ball from midfield for 50 yards to the ten yard line and with a forward pass Staats went over for a touchdown. McCarrill making the point by kicking goal. Rey-

Ohio made its first bid for a score early in the first period. Taking the first kickoff, the Buckeyes worked the ball down the field by straight football and long passes. Workman to Florett, but Workman failed to kick a field goal from just inside the thirty yard line.

Illinois' goal again was threatened in the second period, when with less than a minute to play, one of Workman's long aerial attempts carried the ball to the Illinois 36 yard line. A Buckeye pass was intercepted by Workman's defense and an attempt was grounded behind the goal.

Ohio State's real opportunity came however, in the third period when a series of successful forward passes and line plays carried the ball to the one foot line. The Illinois line braced however, and Honaker, Buckeye fullback was unable to make the goal.

During the final period when Coach Wilce here sent in a bevy of substitutes to relieve the badly tired regulars Klee made a final full attempt to avoid a shutout, missing a dropkick from well behind the forty yard line.

Britton also missed two attempts earlier in the game. Both were made from placement and each fell short, the first being nine yards from the forty yard line and the second from midfield.

Checking up the attendance by officials showed that between 45,000 and 50,000 persons saw the game, as compared with previous estimate of about 60,000.

WOOSTER-OHIO WESLEYAN UNDEFEATED 14 PT ROMAN
COLUMBUS. — (By Associated Press)—Two undefeated teams—Wooster and Ohio Wesleyan—still share honors for the Ohio Conference football title as a result of Saturday's games, and unless Wooster plays a distinctly different brand of football than has characterized the Boles team, the status of the two elevens will remain the same after Wooster's Thanksgiving Day contest with Mount Union.

Wooster surprised even its own partisans by running up a 33 to 0 score on Denison, regarded as a team of considerable power, and Mount Union generally is looked upon as an easy victim. Another victory on Thanksgiving would give Wooster eight wins and no defeats.

Ohio Wesleyan, completing its schedule, defeated Akron, but by a much smaller margin than generally

CENTRAL AND SOUTH HI READY FOR CLASH THURSDAY

Local Lightweights Are Matched To Box Before Wapakoneta Club Tuesday Night

Local School Teams Going Thru Intensive Training As Time For Contest Nears

Lima's grid season will officially come to a close next Thursday morning when South and Central, bitterest of rivals will meet on South Field to settle the supremacy of Lima high school football.

After waiting for three months for the big game of the season local fans are looking forward with eagerness to the battle that bids fair to be one of the best and hardest ever played in the history of the two schools. South with three victories over Central will go into the game trying to add another to the enviable record, Central with a lone win over the Southerners will step on the field, anxious to once again get on the winning side.

Three weeks of preparation local people have watched to hard working athletes bearing the Blue and Gold of Central and the Red and Green of Central work to form winning teams. Thanksgiving will decide the supremacy for 1923. In past seasons South's rosters have been accused of possessing not too great loyalty, but this has been disproved this year. With a losing team to support, the South students have showed their loyalty by standing behind the team. Recently a squad of girl rooters was formed which will be known as the "Southern Screams," and they will be present in a body at the big game. The boys are also organizing rooting bodies. All the students will be given a chance to show their enthusiasm in mass meetings to be held each day this coming week.

The South players are under strict training rules, which include plenty of sleep, careful diet, and plenty of work in practice. Seven South men will play their last football game for the Blue and Gold. They are Captain Barrington, Early, Fry, Meeks, Brown, Smith, and Vaggoner. The rest of the men on the squad will form the nucleus of the 1924 team.

Barrington will start the game for the south side school, but in case of injury he will be replaced by Biederman, a sophomore who is playing good football this year. Rutledge, the center, also has capable substitutes to replace him if injured. They are Cook and Todd.

In past games Early, South right end, has distinguished himself by some brilliant punting. Should the game develop into a punting duel, which it may, he is able to hold his own with Mitchell, Central's booter of the pike in.

Lewis Smith, a brother of Wesley's famous 1922 captain, is the brains of the South outfit. He first called signals in the Bluffton game, in which his judgment proved wise, but against Canton McKinley he was even better. Not only in offensive work did Smith shine, but he also was the star on the defense. He is expected to put up a wonderful game against Central, as also is Throckmorton, fullback. Beryl Wren, hard-hitting fullback, is expected to hit the Central line for frequent gains also.

Burdette will probably resort to straight football if the field is muddy, but if dry, he may use shift plays and aerial work.

Dry field or muddy, the game is going to be a battle well worth seeing. At Central the boys are going to their work with a determination that has not pervaded the camp so far this year. Although they have worked hard for other games as is evinced by the string of brilliant victories, they are practicing for this game harder than before.

SOUTH A SCRAPPY TEAM
South Hi's scrappy eleven will make its last bow of the season before Lima fandom at South Field Thursday morning when it plays its bitter rival, Central Hi. From all appearances the upstart school will be a decided favorite over the southerners, but every year the dope has been given an awful shock, and the same may again happen Thursday. At least the South adherents hope so.

South has lost consistently all season, while Central's speedy team has lost only one contest, that to Springfield. But the Blue and Gold have had the toughest schedule any South team has ever been called upon to face. In the first game Rawson, a weak outfit, was conquered by the Tigers 44-0, giving the locals a good beginning. But in the eight games following South has scored only 42 points, being shut out three times and losing another on a forfeit. Akron South, Toledo Woodward Tech and Canton McKinley, all journeyed here and romped back home without having been scored upon. Incidentally, South had never suffered a shut-out on the home field until these teams came here.

The season, thus far, has been a disastrous one to South as far as winning games is concerned. But the local eleven has always battled valiantly against odds and has never given up. A victory over Central Thanksgiving will put the team back in the good graces of local South enthusiasts and all past defeats will be forgotten.

South will enter the game with the advantage of having won more games than Central in the annual conflict. In the four games played thus far the former school has thrice been victor, while the Red and Green have only one game to their credit.

Four years ago the two teams began grid contests after a very successful season for Central and a poor one for South. South kicked over the dope bucket by giving Central a 9-7 besting. Central beat South the following year, 14-5. In the third annual game South emerged victor in the last few minutes of play, 14-12. It was due to the failure to kick goal after each touchdown that prevented Central from tying the score. Last year South swamped the Centralites, 19-0, again breaking pre-game predictions which gave Central a good chance to win. Next Thursday Central will enter the game with the edge as far as the dope is concerned. Will South again prove this wrong? That remains to be seen.

South started out the present season with a green eleven, only a few of last year's letter men back in the fold. Burdette's proteges have slowly but surely gained valuable experience, which will stand them in good stead in the season's finale. The Canton McKinley game of a week ago

Amateur Sports

Every one of the six teams in the Industrial Basketball League are ready for the winter season, which starts next Tuesday and runs for the entire winter closing March 18. All games are played on the Y. M. C. A. Gymnasium floor, as the League is sponsored by the Industrial Department of the Association. The schedule is arranged as in former years so that all teams in the League play upon Tuesday evening, there being three games this night.

Deisel-Wemmer Co., Locomotive Works, Garford Motor Truck Co., Lima Trust Co., Solar Refining Co., and L. E. & W. R. R., are represented in the league this year. The Trust Co., taking the place of Swift and Co. of last year. Each of the above teams retain several of last season's men, in fact most of the teams are built around last year's best players. The Deisel-Wemmer has about the same line-up as last season, this is true of the Locomotive team, but a few have been added to replace those who dropped out. The Garford team is practically a new organization and to the experts it looks good if pre-season practice is any standard. The Solar team is also built of several new members. The L. E. & W. R. R. winners of last year's League has only two of last year's players. The strength of the Trust Co. team is unknown, as it has not yet been matched against industrial teams.

Some familiar faces that will be seen on the basketball floor next Tuesday are Gilmore Ralph Brown, Elwood Thomas and Crawford of the Solar. Roeder, Johoske, Laughlin, Baker, Coons, and White of the Locomotive. Dickey, Pearson, Burgoon of Deisel-Wemmer. Benedict and Snodgrass of L. E. & W. R. R.

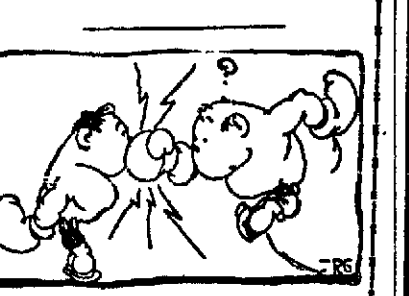

The Saint Rose High school basketball team will undergo heavy workouts this week in preparation for one of the hardest games of the early season to be played against the well-known St. Mary's public High school quintet on St. Rose floor next Friday night.

Undoubtedly the practice session will be devoted, for the major part, to the improving of St. Rose's offense which was weak in Friday's game against Dunkirk.

No injuries resulted from Friday's game, so all of the regulars will be in the pink of condition unless some mishap takes place during the practices before the St. Mary's game.

The game will be St. Mary's first of the season and fans of the nearby city are anticipating a hot battle to take place. The contest will be the first ever played between the rival institutions, and the invaders vow to puncture St. Rose's defense for a decisive win.

SNAPPY SPORTS

George A. Babb, of Lake Nebagamon, Wis., who caught a 12-pound brown trout, won the thirteenth annual prize fishing contest conducted by Field and Stream.

The Chicago White Sox will train at Winter Haven. It has been announced by Charles Comiskey. They will play a spring exhibition series with the New York Nationals before the league season begins.

Mike Kelley, who has piloted the St. Paul club of the American association to several pennants, announces that he has bought a substantial interest in that club. He has been with the club for fifteen years and in that time has won five pennants.

The rumor to the effect that Kid Gleason may be connected with the Chicago Cubs next season gains credence. It is stated that he will appear as first assistant to Bill Kuhn. There is a united effort so far as newspapermen are concerned to keep Gleason in Chicago.

Bream Meets Gross Next Tuesday

The repeated duels which Babe Bream has hurled at Jackie Gross for the past several months, have at last materialized and they have been matched to box before the Wapakoneta Athletic club Tuesday night. This match will undoubtedly cause much speculation among local boxing fans and it seems certain that there will be a large contingent from this city who will be at the ringside. The boys will meet at 135 Riverside.

Gross is working at the Moose Club and will box six or seven rounds each day with Johnny Andrews, of Toledo, who has been brought here to put the finishing touches on Gross' work. Bream will have his training at the South Side Fire Department and will box with Don Baxter for speed and Don Bowsher for hitting power. Gross has shown terrific hitting power in his workouts at the Moose Club but he appeared slow on his feet. His work Sunday against the clever Andrews will be watched with interest by fans. Andrews has held such noted boxers as Pal Moore, "Kewpie" Ertle and other fast boys on even terms and has beaten both Ed McDonald and Eddie Ketchell. He is as fine a boxer as has appeared in Lima in many years and if Gross can come close to holding his own in a boxing way he will be considered right and ready for Bream.

The fact that Bream has not fought for several months will be some handicap but he appears in excellent condition. He is working hard and will make the required weight of 135 without trouble. Bream is a big favorite in Ft. Wayne where he defeated Al Wolgast, Andy Bowen and other good boys. The Ft. Wayne fans want to see if Gross is good enough to repeat his knockout victory of over a year ago. Their money will ride on Bream when the boys start.

"I will not be satisfied with anything but a quick knockout," Gross declared last night. "I stopped him before and I believe that I will get him quicker this time."

"I am in shape this time and I will show the fans that I am the best," Bream stated to his friends.

HIRAM DEFEATS CASE
CLEVELAND.—Despite a total of 115 yards of penalties, Coach Tilt's yards gridders from Hiram had little difficulty in defeating Case today by a 13 to 9 score. It was the first time since the two colleges started meeting on the football field in 1912 that the Hiram aggregation has registered a win over the Scientists.

As A Matter of Fact

BY HARRY BRADBURY
Sports Editor.

The story carried exclusively by The Lima News regarding the Midwest league, has been cause for a great deal of speculation, and there is considerable talk in local sporting circles so far as Lima is getting in is concerned. And why not? We will all have to admit that a representative business town, of the magnitude of Lima, is away behind the times minus its baseball team. And what glowing prospects the opportunity affords, for Lima to become represented in one of the strongest leagues in the country. Here's another pointer to consider, it is probably not exaggeration to say that the Midwest league is backed by more money

than either the National or American organizations. Take just a casual glance at some of the backers of teams represented. Kenosha, Wis., has the Simmons Bed Co. team and the Nash Motors; both immense concerns counted in the manufacturing world. Racine has Horlock's Malted Milk back of that team, and Massillon, Zanesville and Beloit teams are backed by concerns just as big. With these immense manufacturing concerns at the back of their individual clubs, it is only natural to suppose, when hundreds of thousands of dollars are spent by them each year, for advertising that they are not going to stop at a fourth or fifth rate team. That's the specific reason that many of the most promising stars of the majors and other leagues are finding harbors where surroundings are more congenial.

These firms have found that even a team of league calibre is a cheap way of getting the best advertising results, and they have found that a baseball team in their establishment is the safest and most satisfactory manner in raising the morale of their men to the highest standard. Ball players look upon such contracts as more satisfactory than the usual short season term. They are regularly employed in the factories, working at different jobs, and are paid by the year. When it is taken into consideration that when such players as Kopf, Frank Miller, former members of the Boston Braves, Walter Kinney, who came from the Athletics, Frank Woodward, ex-White Sox player, "King" Lear, of the Milwaukeees and Bob Wright of Toledo, are members of Kenosha, it only proves that they like their new berths, and it is certain that they are paid as much and probably more than they were receiving in organized ball. But even this, it must be remembered, is not borne entirely by the franchise owners. It has been found that teams

of this calibre are not alone winners of games but big winners at the gate. All these teams are in live towns, and about every citizen is an ardent booster. As a matter of fact such teams come nearer to personal claims, so far as the place is concerned than do the big league teams. The spirit of victory is closer to every single individual than in the big leagues; every citizen having has a sort of a personal interest. That the whole scheme figures out satisfactory is proven by the success attained by the Midwest League. It proved a success in every sense of the word. That answers all arguments.

WANT MORE CITIES . . . 10 PT.
In the past few weeks the officials of the Midwest league have been endeavoring to increase it to eight clubs, and have asked Fort Wayne and Akron to come in. Walter Miller, a prime mover in the work, has also asked Lima to join in. It seems certain that either Fort Wayne or Akron would join, or perhaps both of them. Lima enthusiasts should not forget that this city is just as good a ball town as either of them. From personal acquaintance, the writer can say it is certainly equal or better than Fort Wayne. There is no reason why the movement should die, or that the interest already created should fade away. Let those interested speak up. The columns of the Lima News is at their service. Send in your views, whether you are in favor of getting into a league or not, to the Sporting Editor. Let's get started.

Yost's Eleven Still Retain Standing

ANN ARBOR, Mich.—(Associated Press)—With their backs to the wall, the five regulars and six substitutes of the Michigan 1923 eleven successfully fought to retain their tie with Illinois for the Big Ten conference football championship, when they defeated Minnesota today, 10 to 0. They held Minnesota's powerful team even on smashing and running, and won by better forward passing and kicking.

At the close of the game Yost issued a statement indicating again that this might be his last year as coach, but he tied a string to his announcement by adding that he never could keep away from the Michigan football team altogether.

Close to 42,000 persons saw the eleven close the football season here. Minnesota suffered a costly near the outset of the game when Graham, the star quarter, was hurt and removed for the balance of the game. "He had returned a Michigan punt from his own 30 yard line, dodging 17 yards until thrown out of bounds. The tackle knocked him so near's senseless that he did not fully recover until after the game."

Captain Harry Kipke of Michigan, playing his last game, was a host in himself, his kicks keeping the ball away from the Michigan goal and finally his dropkick in the third period clinching the game for the Wolverines.

Captain Martineau of Minnesota, also playing his final game kept the crowd on its feet by his shifting runs, sometimes failing to gain but often flashing momentarily into a position where he threatened a long gain.

Here's Scheme To Make River More Popular

Waters of the Ottawa river may become popular for beverage purposes in the near future, if Sheriff Harvey B. Crosson carries into execution plans to dump more than 100 gallons of moonshine whiskey into the sewer during the coming week.

"I am getting so much of the stuff in the cellar there is room for nothing else," Sheriff Crosson declared Saturday night. "I want to get rid of it."

Crosson will apply to the court during the week for an order to destroy the whisky. The entire stock was seized in raids. Crosson has held the liquor awaiting disposition of the cases of various offenders.

Among the evidence to be poured out will be a barrel of moonshine confiscated on the Ephraim Howard farm west of Scotts Crossing. Howard was fined \$200 in common pleas court Saturday.

BOND CUT SOUGHT BY TAXIMEN

Lowering Of City's Liability Requirement Asked

COMMISSION TO GET PLEA

Let Number Of Cars Regulate Amount, Proposal Asks

Reduction in the amount of liability bond now required by the city for taxicabs and the amount of licenses which the taxicab owners must pay will be asked of the city commissioners Monday night by George J. Wall of the Manhattan Taxi Co. and Harry R. Carter, an independent operator, according to a letter which has been received at city hall addressed to the commissioners.

Under the present ordinance, which was adopted in September and became effective Oct. 15, the taxicab owners are required to put up a \$10,000 liability bond whether the owner operates one taxi or a hundred. This bond is to insure passengers of being able to collect damages for injuries received through the fault of the taxicab driver. The owners are also required to pay a license fee of \$50 and an additional fee of \$5 for each car above the first one.

PROPOSITION MADE

Wall and Carter make the following propositions to the city commissioners:

"A license fee of \$25 for the first car and \$10 for each additional car owned and operated. A minimum liability bond of \$2,500 to cover the first three cars operated and then to increase at the rate of \$1,000 for each additional car owned and operated above the three cars up to the number of ten cars."

AUDITOR FINDS RECORDS OF CRIMINAL COURT O. K.

Completing a checking of the records in police court during the incumbency of Emmett J. Jackson as criminal court judge, City Auditor C. H. Churchill Saturday announced that he had found everything in proper shape.

Auditor of the court records has been delayed because when the city auditor was ready to do the work court attaches could not assist and so one thing and another came up and the report was delayed.

Auditor Churchill said Saturday that his audit of Judge Jackson's work showed that all fine and forfeiture collections had been properly accounted for and the records were kept finely as far as his audit disclosed, he said. He expressed belief the state municipal bureau audit also would find these things O. K. He did not go into the investigation of the legal phases of the conduct of the office, a matter which state examiners will have to do, he said.

PLANS TO PROVIDE FLAT CROSSINGS

Elimination Of Stepdowns Is Aim Of New Proposal

MAIN-ST TO BE EXCEPTED

Specifications To Show Every Detail Of Project

Elimination of stepdowns and the establishment of the flat crossing system on all north and south streets with the exception of Main-st is among the improvements planned in connection with the paving of Main-st, it was announced Saturday by City Manager Bingham. He said that the establishment of the flat crossing on Main-st would be impossible because of the drainage conditions.

Some two years ago this plan was advocated but was dropped, and nothing came of it until Bingham sprung it Saturday. It is his belief, he said, that the elimination of the step down on the crossings at street intersections will be of material assistance to pedestrians, especially women with baby carriages.

Detailed plans for the Main-st improvement work, which will be finished under the new commission, also have been made by the city engineering department at the request of the city manager. These call for constructing the curbs so as to make the least possible change and to give the least possible interference with the sidewalk elevations on Main-st as they now are, Bingham said Saturday.

PLANS SHOW DETAILS

These plans are to show the location of all fire hydrants, telephone and telegraph poles, light poles, catch basins, valves and the underground wires of the various public service corporations. Every detail will be available for the new city commission, and the new city manager, if there is one, Bingham said.

Paving of Main-st will be one of the first jobs which the new commission will have to tackle but it will have nothing to do but advertise for bids and award the contract as the specifications will be prepared and ready for the new commission. Of course that body can change these out as three members of the new commission are on the one which has approved these specifications officials said there is little likelihood of any change being made.

(BY HOPE HOLLISTER)

ALL thoughts during the coming week will center on Thursday—Thanksgiving Day—the day set apart annually for the giving of thanks to God for the blessings of the year.

It is a day of festivity, too, for it is the time of family reunions and the gathering of friendly groups for feasting and merriment. Altho perhaps only a small number of college students will be able to return to their homes at this time, there will be social functions, both large and small, for the city's younger set, as well as the few young people who are dismissed from their various schools of learning for a short while. The annual Thanksgiving dance given by the members of the Strollers club will be held at the Moose Temple, Friday evening. A popular local orchestra

has been engaged to play for dancing, which will begin at 8 o'clock. Elmer Welty is in charge of the affair and assisting him in the arrangements are Claude Wetherill, Robert King and Ellis Michael.

A dance which will interest another group is the dance at the Elks home Thanksgiving evening. The members of the Elks lodge and their friends. Members of the house committee, of which Dale Freeman is chairman, are in charge. There will be two weddings on Thanksgiving Day—Miss Helen M. Neuman will be married to Mr. George Heckler of Chicago and Miss Laura DeCurtin will become the bride of Mr. Joseph LaBadie of Ottawa.

At various club meetings throughout the week the programs will be devoted almost entirely to Thanksgiving, its history and significance.

The quartette of the First Congregational church will give a vespers service program at the church, Sunday afternoon at 4 o'clock. The public is invited to attend. The church quartette is composed of Miss Blanche Finicle, soprano, Miss Margaret Gregg, contralto, Mr. Walter Grubb, tenor, and Mr. Leo Moser, bass. Mr. Otis McBride will be at the organ and Miss Aileen Scott, violinist, will assist the quartette.

The following program will be given:

Organ Prelude... Reverie—Flager
Otis McBride.
Quartette "How Lovely are Thy Messengers"
Mendelssohn.
Solo "Pilgrim's Message."
Leo Moser.

Solo "Song of Thanksgiving"
Allison.
Duet "Rejoice in the Lord"
Miss Gregg and Mr. Moser.

Offertory "Largo"
Handel.
Miss Aileen Scott.

Quartette "The Lord is My Shepherd."
Hawley.
Duet "Watchmen what of the Night"
Leo Moser and Walter Grubb.

Violin Solo "Wagner"
Wagner.
"Walther's Prize Song"
Miss Aileen Scott.

Quartette "The Radiant Morn hath passed away."
Woodward.
Postlude "Stern"
Otis McBride.

Mrs. F. C. Beam, 1015 W. High-st., will be hostess to the members of the Daughters of the American Revolution at their regular monthly meeting on Saturday, December 1st. Mrs. Lester Pratt will read a selected story and there will be music, to be arranged by Mrs. H. S. Moulton and Mrs. T. D. McLaughlin.

The assistant hostesses will be Mrs. Edward Price, Mrs. Grace B. Hollister and Mrs. H. S. Moulton.

Members of the Bay View Study club will meet Monday afternoon at the home of Mrs. D. H. Sullivan, 411 S. Jameson-av. The women will continue their study of South American countries. Mrs. Amelia Schiewe will speak of Bolivia, Paraguay and Uruguay and Mrs. A. A. Traver will have as her subject, "Animal Life." "Characteristics Men and Women of South America" will be the subject of the paper by Mrs. E. G. Weadock.

Mrs. Carl Jones, 1022 Richle-av., will entertain the members of the literary club at her home, Tuesday afternoon.

Mrs. J. W. Tucker will entertain the members of the Thursday Luncheon Bridge club at a one o'clock luncheon at the Elks home on Friday.

Miss Myranny Jones will give a review of Charles G. Norris' recent book, "Broad," at the meeting of the Twentieth Century club to be held with Mrs. F. C. Becker, W. Elm-st., Monday evening. Roll call will be concerning the woman in business.

Members of the Win-One class of the First Baptist church will hold an all day meeting on Tuesday with Mrs. Cliff Wood, 1432 Lakewood-av. A covered dish luncheon will be served at noon.

Assistant hostesses will be Mrs. J. W. Laudick, Mrs. H. C. Ruff and Mrs. Claude Fisher. All members are urged to attend this meeting.

Miss Emma Heinrich entertained at the home of her parents, Mr. and Mrs. Benton, Carl, E. McKibben-st., Thursday evening, as a compliment to Mr. and Mrs. Cloyd Spees (Cladya Becher) whose marriage was solemnized a short while ago. Music and dancing were enjoyed during the evening and a two-course luncheon was served. Miss Heinrich was assisted by her mother and her sister, Miss Ruth Heinrich. The honored guests received many lovely gifts.

Those present were Mr. and Mrs. Frank Hurley, Mr. and Mrs. Jess Arner, Mr. and Mrs. Emory Jarner, Mrs. A. J. Armentrout, Mrs. Lenar Galtion, Miss Lenora Miller, Ethel Spees, Carrie Smith, Vesta Bayman, Edna Brewbaker, Helen Miller, Royal Stewart, Ruth Heinrich and Messrs. Glenn Smith, Howard Feigh, Cecil Davis, Robert Feighner, Roy Hurley, Kennard Spees, Clarence Hullinger and Herman Heinrich.

Mrs. F. J. Fickel and daughter, Miss Ruth, of Delaware, will arrive within a few days to be guests over Thanksgiving at Mr. and Mrs. R. T. Gregg, W. North-st. Mrs. Fickel is a sister of Mrs. Gregg.

Miss Gertrude Boose, W. Market-st., will entertain the members of the Delta Sigma sorority at her home, Monday evening.

Mrs. Ralph Shrider, S. Cole-st., will open her home for the regular semi-monthly meeting of the Etude club, Tuesday morning. Mrs. Warren Snyder will be leader for the meeting.

A study will be made of well-known bands, such as Gilmore's band, Scusa's band, Goldman's band, Prior's band and the Marine band of Washington and the work of the Flouzalet quartette, Marior quartette, New York trio, Marguilles trio, Haermann quartette, Kneisel quartette, Mendelssohn quartette, Olive Mead quartette, Hoffmann quartette, Eaton-Hadley quartette and Chicago String quartette will also be studied.

Mrs. G. C. Dunfion, Miss Leona Feltz, Mrs. Andrew Dimond and Miss Annette Roby compose a string quartette. New York trio, Marguilles, will be a harp solo by Mrs. Shrider. Mrs. R. O. Woods will sing Homer Bartlett's "Today and Tomorrow," with violin obligato.

Mrs. George R. Carter, W. Market-st., will extend hospitality to the members of the Lotus club, Monday afternoon. Mrs. Arthur Black will be the assistant hostess.

Mrs. C. C. Gilliland will have a paper on "The Growth of American Poetry" and Mrs. M. S. Thompson will give a group of readings. Roll call will be answered with current events.

Mrs. Frank L. Maire will give a review of one of the new books at the meeting of the Arbutus club to be held on Monday with Mrs. F. C. Beam, 1015 W. High-st. Roll call will be answered with favorite books of the year.

Mrs. H. S. Moulton will speak on "Comparison of American and Foreign Schools," giving the latter part of an article, started at a previous meeting.

Mrs. Joseph Gorman, W. Grand-av., was hostess to the members of the Avondale club at her home, Wednesday evening. Bridge was enjoyed at the conclusion of the games. Mrs. Walter Wright and Mrs. Gleaves held high scores. Mrs. N. H. Canteney was an only guest.

A two-course luncheon was served by the hostess at a late hour. The club will meet in two weeks with Mrs. D. E. Heiser, W. Grand-av.

MISS HELEN M. NEUMAN

Miss Helen Marie Neuman, eldest daughter of Mr. and Mrs. John S. Neuman, will become the bride of Mr. George Heckler of Chicago, at a quiet wedding to be solemnized at the home of the bride's parents, 1018 W. Elm-st., at high noon on Thursday. Rev. C. A. Rowand, pastor of the Trinity Methodist Episcopal church, will officiate.

The couple will be unattended and there will be just a few guests at the wedding, members of the immediate families and a small group of close friends.

Mr. and Mrs. Harry W. Fenton presided at a 6:30 o'clock dinner of artistic appointments at their home, 1419 Lowell-av., Saturday evening. Guests were seated at two tables, with covers for eight at each, which were attractively decorated with appointments of yellow and white. Yellow pom-poms were used on the tables and the yellow candles, tied with yellow ribbons.

Following the dinner, four tables were filled for Mah Jong. Guests of the Fentons were Mr. and Mrs. George Glover, Mr. and Mrs. Virgil Knisely, Mr. and Mrs. John Carnes, Mr. and Mrs. J. F. Bowman, Mr. and Mrs. J. C. Thompson, Mr. and Mrs. Chester Cable and Mr. and Mrs. William Deisel.

Miss Bernice Lindesmith, daughter of Mr. and Mrs. E. R. Lindesmith, entertained at a delightful dancing party at the Lindesmith home, 408 Lincoln-av., Friday evening. Rooms of the home were attractively decorated with fall flowers and Thanksgiving appointments prevailed in the appointments of the buffet luncheon served at 11 o'clock.

Guests of Miss Lindesmith were Misses Rebecca Andrews, Catherine Laughlin, Helen Creps, Harriet Sullivan, Mary Dunlap, Betty Hunter, Mildred Patton, Mary Douglass, Nell and Mary Jo Pursell, Dorothy Barth, Francis Melly and Messrs. Stephen Churchill, James Dunn, John Boos, Jr., Wilson and Paul Frysinger, Howard Paul, Frank Schoenlein, Frank Cory, Benjamin Moulton, Gray Knisely, Robert Thomas, Walter Yingings and Herbert Speer.

The Young Ladies' Circle of the First Congregational church will meet Monday evening with Mrs. Mell Allen, W. Elm-st.

Mrs. A. C. CaJacob, N. Baxter-st., was hostess to the members of the Laurette Euchre club at her home, Friday afternoon. In the euchre games, Mrs. C. J. Bruskotter and Mrs. J. E. Morton held high scores. The hostess served a two-course tea at five o'clock.

The club will meet in two weeks with Mrs. F. A. Angerman, N. Collett-st.

Members of the Mentor club will meet with Mrs. L. A. Zay, 316 N. Metcalf-st., Tuesday afternoon. Mrs. George Quail will have the magazine article and Mrs. H. M. Dille will tell a Thanksgiving story.

Roll call will be answered with famous trees.

Mrs. Russell Cox presided at an attractive one o'clock luncheon at her home on N. Jameson-av., on Friday. Guests were seated at one large table, which had as a centerpiece a platter basket of yellow pom-poms. Yellow and white predominated in the appointments, place cards and nut cups being suggestive of Thanksgiving. Mrs. Cox was assisted by her mother, Mrs. E. M. Mills.

Guests at the affair were Mrs. William L. Allgire, Mrs. W. R. Reel, Mrs. Floyd Pond, Mrs. J. H. Allgire, Mrs. Francis Clark, Mrs. J. S. Cox, Mrs. Gus Boop and Miss Marie McNamara.

Mrs. G. S. Wood will open her home at 303 S. Cole-st. for the regular fortnightly meeting of the Woman's club. Mrs. Russell Young will have a paper on "Chemical Achievements" and Mrs. Elizabeth Mitchell will have as her subject, "Modern Medicine and Physical Progress." Assistant hostess will be Mrs. Harry Fenton.

MISS LAURA DECURTIN

Miss Laura DeCurtin, second daughter of Mr. and Mrs. Andrew DeCurtin, 789 Greenlaw-av., will be united in marriage to Mr. Joseph LaBadie, son of Mrs. Alice LaBadie of Ottawa, Thursday morning at 7:45 o'clock at St. John's Catholic church. Father Leonard Plumans will perform the ceremony.

The bride will be attended by her sister, Miss Ceal DeCurtin, and John LaBadie, brother of the groom, will be best man. A breakfast at the Hotel Argonne will take place at 10 o'clock, to which about thirty friends and relatives have been invited.

Mrs. Charles Faust and Mrs. Fin Taylor were successful. Mrs. Dudley Faust was an only guest.

Mrs. Taylor will entertain the club in two weeks at her home on E. Second-st.

The meeting of the Altrurian club for this week, which was scheduled to be held with Mrs. R. T. Gregg, W. North-st., has been indefinitely postponed. The next meeting will be in two weeks with Mrs. Frank Butters, Lakewood-av.

INSTITUTING a plan which may find favor among other classes, graduates from the Lima High school in the year 1903 will hold their first reunion on Friday, November 30th. The affair will take the form of a 6:30 o'clock dinner to be held at the Hotel Barr. No formal program has been arranged but the evening will replete with the exchanging of experiences and reminiscences.

Mrs. W. C. Winemiller, Miss Mary Arthur, Miss Myrtle Busick and Miss Lena Schnabel compose the committee who have made this pleasant affair possible. Invitations have also been sent to the following Lima residents, who taught in the High school at that time: Miss Nettie Shook, Miss Ella Richards, Miss Blanche Andrews, Mrs. Kent Hughes and Professor S. S. Stephens. An invitation was also extended to C. C. Miller of Lancaster, who was then superintendent of the public schools.

Members of the class from out-of-town who will attend the banquet are Mrs. C. E. Yutzy, (Bernice Fletcher) of Canton, Mrs. Jack Morrison (Clara Gallagher) of Royal Oaks, Mich., Walter Longworth of Indianapolis, John Hill of Columbus Grove, Davis Cable of Canton, Arthur Goss of Urichville, and Ray Jeffords of Findlay.

Mrs. Alfred Wommer, S. Cole-st., will entertain the members of the Wednesday Matinee Bridge club at her home on Tuesday. Luncheon to be held at one o'clock will precede the afternoon's bridge games.

VAUDEVILLE AND MUSICAL COMEDY TO REIGN THIS WEEK

LEGITIMATE HOUSES OFFER USUAL LINES OF ENTERTAINMENT

Faurot Presents New Keith Bill Latter Part of Week and Hal Kiter In "The Perfect Fool" Comes Back To New Orpheum

VAUDEVILLE and musical comedy will reign this week in Lima theatres uncontested by road shows. Both the New Orpheum and the Faurot will present their regular programs.

Hal Kiter, known as "The Perfect Fool," and his company will appear at the New Orpheum this afternoon in "Let Jimmy Do It." This is the first of a series of four productions to be presented within the next two weeks. Kiter and his company played here for eight consecutive weeks last season and rank among the leaders in musical shows which have played this house.

Following the last three performances of Keith vaudeville today at the Faurot, that theatre will remain dark until Thursday when vaudeville will reign until next Sunday.

Coming theatrical productions, however, promise much in the way of high class entertainment. Ethel Barrymore in "A Perfect Lady"; Blossom Time; "The Fool" and Ruth St. Denis are among the bookings promised at an early date.

FAUROT HAS LULL, BUT SEE WHAT'S IN STORE

Cancellations Darken House for Few Days But Future Is Promising Much

THERE will be a dearth of standard attractions at the Faurot this week. Vaudeville is the bill to-day, afternoon and evening, and will fill out the last three days of the week. There have been cancellations of some excellent attractions, which is much to be regretted. There had been previous arrangements for Walker Whitesides, for two performances, and another early booking was the much talked of "Whispering Wires." It is most likely, however, that these attractions will be seen later in the season.

It is quite encouraging to read the comments of different theatrical writers outside of New York, of "Blossom Time" which is an early booking at the Faurot. It is a fact that the music for this production is from the works of Franz Schubert, adapted by Sigmund Romberg, as a matter of fact, the story of "Blossom Time" is based on the life of that musical genius. This Viennese master stood supreme in music during the eighteenth century. He was born in 1797 and died in 1828. He left unfinished one of his best compositions, the "Unfinished Symphony." This is the one that Romberg worked into the particular theme of "Blossom Time." All the way thru we find Schubert melody. It is only just to say that this musical piece takes precedent among the better works produced in years.

"THE PERFECT FOOL" SHOWS AT ORPHEUM

Hal Kiter Who Had Record Run at Local House is Back Again for Two Weeks

Hal Kiter, "The Perfect Fool," who played the longest single engagement at the New Orpheum theatre last season will return to Lima Sunday for a run of two weeks.

Kiter, who is declared to be the most popular comedian ever to appear at the W. Market-st. theatre, will head his own "Live, Love and Laugh" company.

Presenting sixteen different productions, Kiter and his company played for eight consecutive weeks at the New Orpheum last year to record-breaking attendance.

Upon his return to the New Orpheum, at the matinee Sunday, the comedian and his troupe are prepared to offer new musical comedies.

Among the favorites of last season are Phil and Peggy Hart, clog dancers; Leroy Batie, singer, dancer

Robert Tucker, a very able critic, says: "The long awaited 'Blossom Time', which has been basking in the favor of New York, and a few of the large eastern cities, for the past two years, and which has been showered almost to the point of deluge with the encomiums of the critics, reached Indianapolis last night. If anything half as entrancing has been presented here in recent years, we fail utterly and absolutely to recall it."

Those of us who are lovers of music of the better kind will undoubtedly welcome the advent of this meritorious musical attraction.

One of the most attractive dramas of these days, "The Fool," is another early December booking. "Blossom Time" will be here two nights and a matinee, while "The Fool" is booked for three nights and a matinee. There are two good and sufficient reasons why these staid attractions are sidestepping precedent so far as the length of their stay is concerned. The first is that because the tremendous expense attached to all traveling organizations is well nigh prohibitive, and the other is that it is not expected that all who will want to see either of these could be accommodated in one evening.

Ethel Barrymore, in her "A Perfect Lady," is another attraction that Lima theatregoers will have the pleasure of seeing later in the season.

Ruth St. Denis, is another attraction that will play the Faurot soon. She comes with the addition of twenty principals and an augmented orchestra.

and light comedian; Alice Meade, comedienne; Ola LeRoy, Pearl Green, Ruth Haller and Phil Gerberis, Betty Jear and Babie Ruthie, juvenile stars.

Among this year's featured players also are Jack and Helen Eppen, who offer snappy patter and harmony; Paula and Ellen Cattel, saxophonists; Al Sh. p, the banjo wizard; the four dancing Demons; the Rose City Syncopators.

"Let Jimmy Do It" is the title of the production which will be presented the first time in Lima at the matinee Sunday as the attraction for the first half of the week thru Wednesday night.

One of the features of the company is the chorus of young and comely misses. It is declared that this chorus can sing and dance to most becoming advantage.

The usual changes of program are promised for every Sunday and Thursday matinee. All three performances will be reserved on Thursday, Thanksgiving Day.

TWO COMEDY DRAMAS ARE ON SIGMA'S BILL

"Luck" Follows Current Offering of "Potash and Perlmutter" of Stage Fame

OF unusual interest to movie fans is the program announced for the current week at the Sigma theatre which includes two excellent comedy dramas. The first is "Potash and Perlmutter" an adaptation of the famous stage play and co-starring Barney Bernard and Alexander Carr, who played the original stage roles for years. Johnny Hines' latest comedy "Luck" opens a three day stay at the Sigma on Thanksgiving Day.

There are two romances in "Potash and Perlmutter." Morris Perlmutter, one of the members of the famous firm of Potash and Perlmutter always has considered himself immune to the darts of cupid, and prided himself on being a woman hater. One of the reasons of his attitude toward the fair sex was that they interfered with business—and Morris' motto was "Business before pleasure." In every case. And again he had a "horrible example" in his partner, Abe Potash, for Abe

was one of the most henpecked men he had ever met.

But one day the firm hired a

Hal Kiter at Orpheum.

clothing designer. She was a blonde and beautiful. It was then that Morris began to lose his interest in business and take more interest in holding Ruth Goldman's hands.

The other romance was that of Abe's daughter, Irma. She was sought in marriage by Henry Fieldman, an unscrupulous lawyer. Abe and his wife looked upon his courtship with favor, for he had helped them out of many financial difficulties, but Irma scorned him. Suddenly there came into her life a young Russian violinist, who was given a job as fitter to save him from starvation. The manner in which their romance culminated is given a dramatic setting in the picture.

It is a difficult task to bestow the honors impartially because every person connected with the making of the picture is entitled to a laurel wreath. Barney Bernard and Alexander Carr, who played the parts of partners, Abe and Morris, are convincingly human and convulsingly funny in their first appearance before the camera. Vera Gordon, who achieved instant fame for her characterization of the mother in "Harem" is equally effective as the bridge-playing Rosie Potash. Considerable credit also goes to the supporting cast, which is composed of Martha Mansfield, Hope Sutherland, Ben Lyons, Lee Kohlmair and Jerry Devine.

"Luck" is the story of a wealthy young man who resents being called "useless to the world." Thereupon he undertakes—on a wager—to acquire ten thousand dollars in one year, and to start with racing tor on his back plus an old raincoat. Needless to say he wins the wager, but the picture is packed with thrill and laughs at every foot.

"MILE A MINUTE ROMEO" IS RIALTO ATTRACTION

After "The Exiles" Comes Tom Mix with Typical Display of Equestrian Tricks

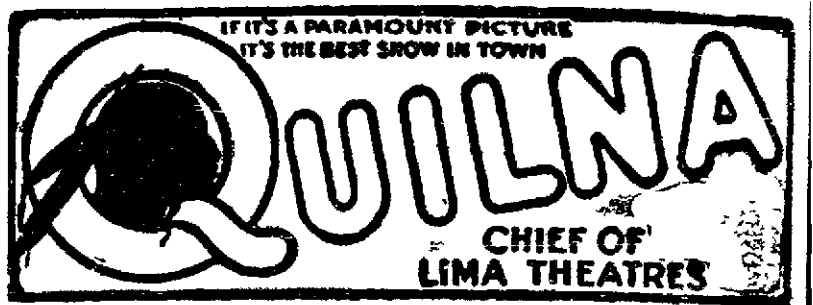

TWO interesting plays will be seen at the Rialto theatre this week. John Gilbert, who now is appearing in "The Exiles," will be seen until Tuesday when he will be supplanted by Tom Mix in "Mile a Minute Romeo."

Richard Harding Davis is the author of "The Exiles." It has the fire and twang of adventure of all Davis stories. It shifts from court proceedings to closeups of the seraphs of Tanagers, Africa.

Mix's entire bag of equestrian tricks are opened up in his "Mile a Minute Romeo," which will start five-day engagement on Tuesday. This is a picture dealing with a ring father, a daughter with a romantic aspirations, two villains a mix. There are some fine equestrian situations to be found in the picture.

With Mix will be found Bert Jewel, J. Gordon Russell, James M. son, Duke Lee and James Quinn.

THANKSGIVING FEAST PROMISED BY LIMA MOVIE CHEFS

TURKEY WEEK MENU OFFERS HUNGRY FANS SILVER SHEET SPREAD

Lyric's "Eleventh Hour," Sigma's "Potash and Perlmutter," Quilna's "The Cheat" and Majestic's "Bring Him On" are On Bill O' Fare

GERTRUDE GILLHAM

THANKSGIVING week brings to the shadow-stage devotees a veritable deluge of sparkling and interesting photoplays and if you are a wise and conscientious picture fan, you will not miss a single program, as announced today by alert managers.

"The Eleventh Hour," a thrilling melodrama with a special cast headed by Shirley Mason and Charles Jones, is the Lyric's attraction until Thursday while the Sigma will present "Potash and Perlmutter," a screen version of the famous stage play. Pola Negri and Jack Holt have the leading roles in "The Cheat" at the Quilna for four days starting today. Betty Compson stars "The Woman With Four Faces" today and Monday at the Majestic and Earle Williams in "Bring Him In" on the two following days.

Thanksgiving Day will usher in a splendid array of features for the last half of the week. There's Metro's "The Eagle's Feather," with James Kirkwood and Mary Alden at the Quilna; Johnny Hines' latest comedy, "Luck," at the Sigma; "The Call of the Wild," a screen version of Jack London's famous story, at the Lyric, and "Robin Hood" with Douglas Fairbanks scheduled at the Majestic.

the most dramatic climaxes ever screened.

On Thursday the Quilna will have the big Metro production, "The Eagle's Feather," and in this you will also see a brilliant array of players. The principal roles will be enacted by James Kirkwood, Mary Alden, Lester Cuneo, Elinor Fair and George Siegman. The latter will be remembered for his acting of the brutal villain in "The Merry Go Round."

"The Eagle's Feather" was written by Katherine Newlin Burt and originally appeared in the Cosmopolitan. The story is laid in the west and is one of great human appeal.

TOM MIX in "MILE-A-MINUTE ROMEO"—A WILLIAM FOX PRODUCTION At the Rialto.

THERE'S MELODRAMA BY REELS AT LYRIC

"The Eternal Three" by Lincoln J. Carter Offers Mystery Play of Many Thrills

If you like good, old-fashioned, pulsing, pounding melodrama, you will want to see "The Eternal Three," the up-to-the-minute mystery story by Lincoln J. Carter, which opened an engagement Saturday at the Lyric theatre. Charles Jones and Shirley Mason have the leading roles and are ably supported by June Elvidge and Alan Hale.

Fast and colorful, the story is a whirlwind of delight in its tortuous intricacies, all of which are developed with consummate smoothness.

An heir to a vast estate is the dupe of a scheming father, and an

ambitious foreign prince. The father desires the fortune which she possesses; the prince desires the potent vial which an inventor in her employ concocted. An Irishman, whom she loves, causes her mental suffering by putting her in doubt of his honesty. He does this, however, for patriotic reasons, not daring to reveal his true identity.

From this foregoing conflict, thrills arise which are dumbfounding in their magnificent intrepidity and picturesqueness. Shirley Mason, dainty as ever, is seen as the talented society girl, whose ability as a dancer and whose attractiveness in a variety of rich costumes, add considerably to the entertaining qualities of the picture. Charles Jones does excellent work as the hero and goes thru a lifetime of adventure within less than two days counted on the calendar.

Pola Negri and Jack Holt in a scene from the Paramount Picture "The Cheat" A George Fitzmaurice Production At the Quilna until Thursday.

dar. He had need of all his iron muscle and nerve to do the stunts required of him in this high-geared melodrama.

Jack London's famous story, "The Call of the Wild," has been adapted to the screen and will be the Lyric's holiday attraction. It will continue until Saturday when "St. Elmo" will come to that screen for an indefinite engagement.

At the Majestic

BETTY COMPSON and Rickard Dix have the featured roles in the Paramount production "The Woman With Four Faces," appearing at the Majestic theatre today and Monday. The production is said to differ from the ordinary melodrama in that it is treated in the highest possible degree of polish. The love interest following thrill after thrill, moves swiftly and surprisingly to a fine climax and a happy ending.

Miss Compson has the role of a clever crook, who is caught after the commission of one of her escapades, brought to trial and acquitted. The district attorney, played by Richard Dix, enlists her aid in carrying

out a plan by which several prominent men who are carrying on a traffic in drugs, may be brought to justice. It is thru her that the exposure is accomplished. This is her "last job," and as the picture closes she is promising the district attorney to be his partner for life.

"Bring Him In" starring Earle Williams will be the Majestic's offering on Tuesday and Wednesday and will be followed by "Robin Hood" with Douglas Fairbanks.

MEET TO DISCUSS USED CARS

NEW YORK—Lowering prices, increasing costs and methods of meeting the intensive competition that now prevails in automobile selling will be discussed by automobile dealers from all over the United States who will meet here January 10 at Hotel Commodore in the first dealer's convention ever held in New York City. The meeting will be under the auspices of the National Automobile Dealers' association and will be the first gathering of dealers ever held here in connection with the national shows.

For several years past the annual meeting of the dealer associations has been held in Chicago but in the last two years there has been a gradual division of dealer attendance at both the New York and Chicago shows and at present only about half of the dealer body attends either show. It is in an effort to develop the best merchandising practice in both sections that the dealer association will launch the 1924 program at the New York meeting, duplicating the discussion three weeks later at the Chicago gathering.

"Dealers are confronted with a serious problem in making the profits to which they are entitled," declares C. A. Vane, general manager of the association, "and a definite program will be decided upon at New York and Chicago this year that will assist them to decrease the cost of doing business. Figures in possession of the national association indicate that net profits have averaged only slightly better than two per cent for the whole country. Such small returns are absolutely inadequate in face of the tremendous investments carried by the dealers to properly service automobiles after they are sold to owners."

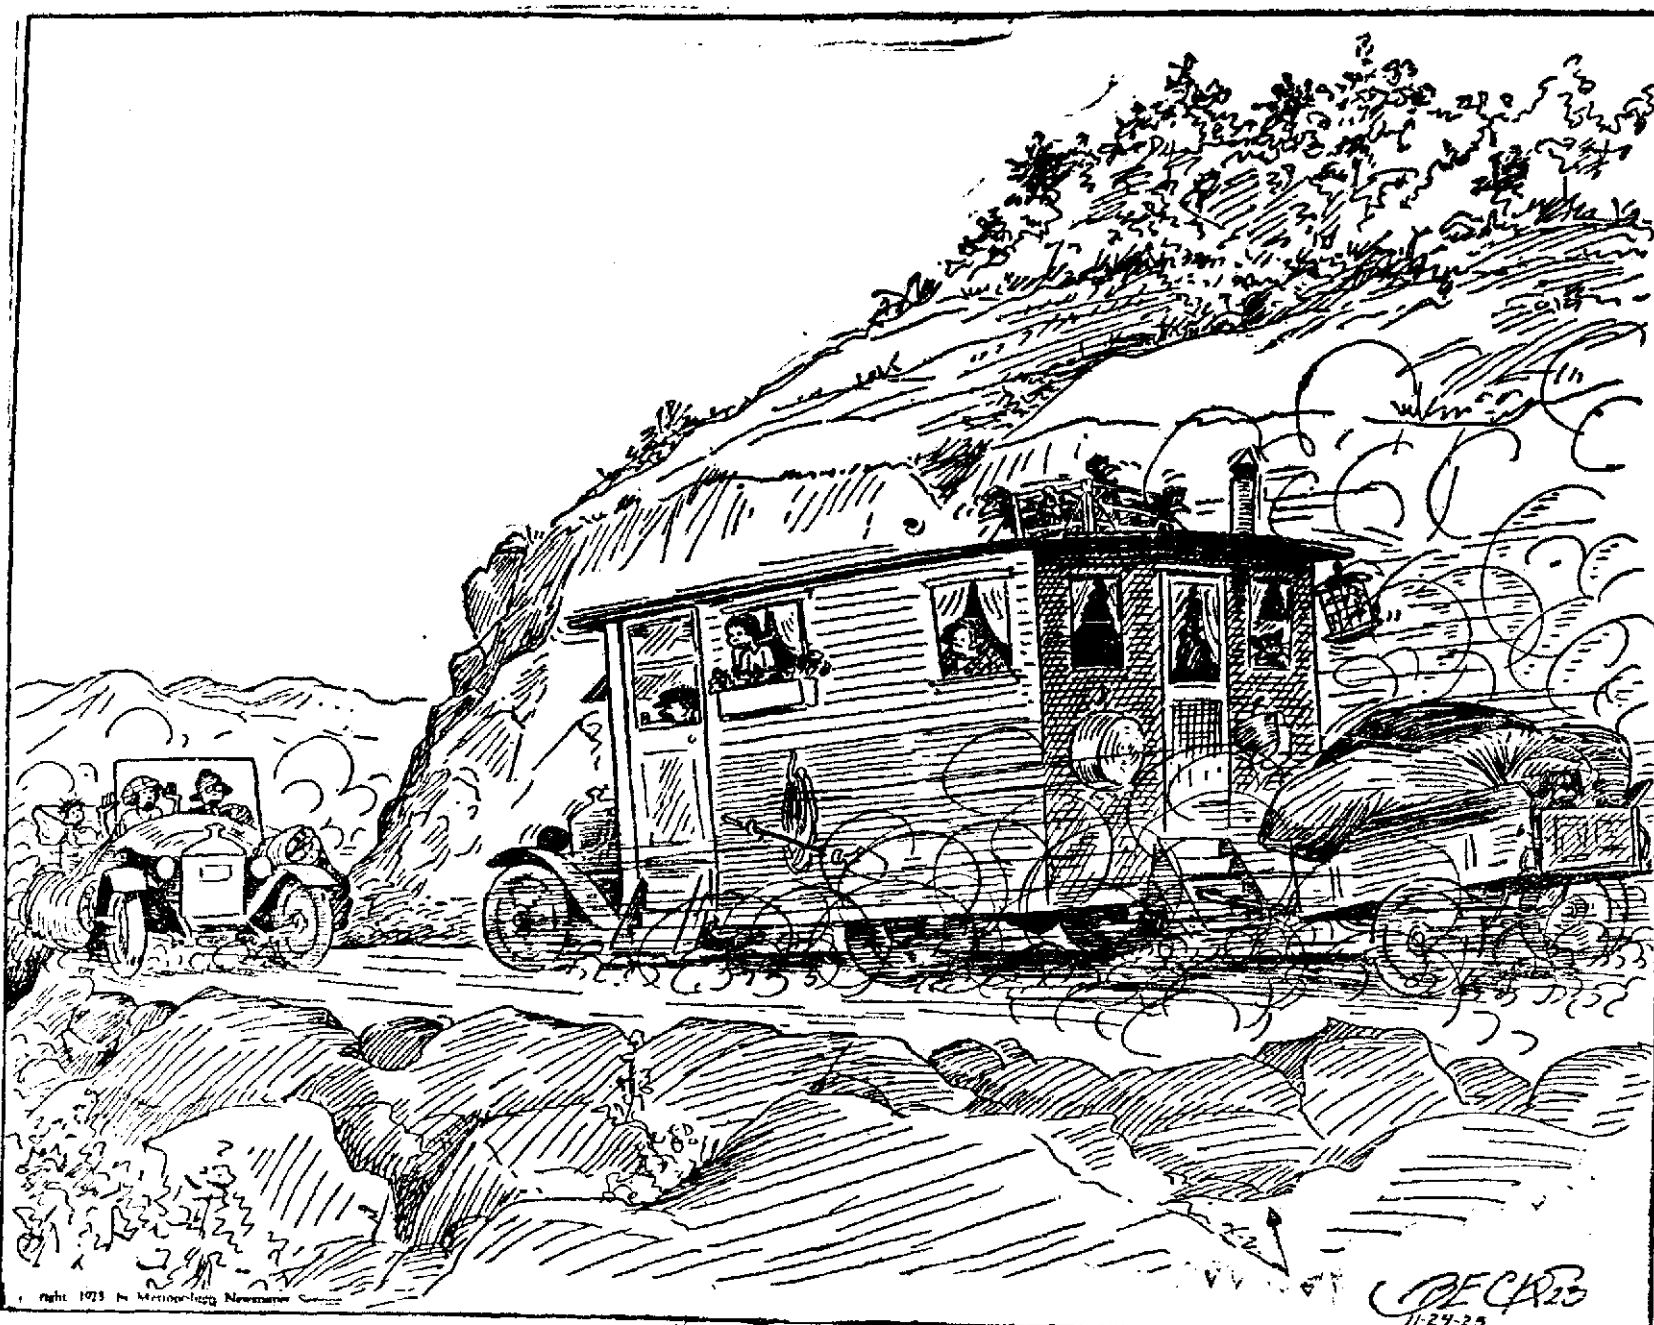

"A part of this tremendous loss has been occasioned by unwise dealing in used automobiles, although used car losses to dealers have on the whole been considerably less than they were in 1922. We estimate that the dealers last year lost \$100,000,000 on used cars. These losses this year have been reduced probably to half that amount, despite a greater number of vehicles handled."

PARKING PROBLEM IS SOLVED

A new way of relieving traffic congestion in downtown districts is being undertaken by Woodward & Lothrop, a Washington D. C. department store.

Free bus service is provided for patrons who cannot leave their own cars near the store because of the parking regulations. A 25 passenger bus travels continuously from 9:15 a. m. to 8:00 p. m. over a route covering sections of the city where unlimited parking is permitted. The route and eight regular stops have been widely advertised in Washington newspapers.

MOTORS REPLACE BURROS IN PERU

The touring car and auto truck are rapidly replacing the burro and pack mule which have for centuries carried supplies from the sea coast up, and products of the Sierra down, reducing the cost of transportation by more than half," says the West Coast Leader, Lima, Peru. The recently improved Trujillo-Quiruvilca Highway is developing the region between these two cities in mining and agriculture.

HOT SPARK MAKES STARTING EASY

One of the motorists' chief difficulties in cold weather is in starting his engine. The quick starting is largely a matter of carburetion and getting gasoline into the cylinders in combustible form. It is also true that spark plugs play a considerable part.

How to make difficult starting easy, as related to spark plugs, intimately concerns the question of fouling. Proper design of the gap setting is perhaps the biggest assistance that efficient spark plugs give.

It is generally understood that a spark plug, the core of which is coated with a deposit of carbon, will not fire as readily as one with a perfectly clean core.

It follows that a plug which resists fouling will likewise make starting much easier over a longer period of time than one which fouls quickly. It is right here that spark plug design becomes important.

The installation of a complete set of new spark plugs at the beginning of cold weather is real economy. They pay for themselves many times over in more efficient motor operation, as well as in relief from starting difficulties and annoyances.

FORD ENGINE RUN MOTOR BOAT

Communication with towns important timber tracts on the Yalu river has long been a problem at Antung, Manchuria. While the river has a swift current, and is in many places shallow, there are no rapids enough to prevent navigation, a video power suited to so shallow a river could be obtained.

A twenty-passenger boat with draft of little more than a foot, driven by aerial propeller was built. This method was not successful, ninety per cent of the power being lost, and a speed of only one mile an hour attained.

However, Mr. T. H. K. Ferguson, commissioner of customs, Antung, solved the problem. Ford one-ton truck was selected and the chassis was removed and the chassis attached to a strong beam pivot in journals attached to the side of the boat, far enough forward to permit the rear axle to project over the stern of the boat.

Stern wheels, each fitted with five spooned blades of Korean elm were attached to the differential place of the truck wheels, and the outer edge of the paddles dropped about seven inches in the water.

The had steering qualities caused by this type of propulsion were overcome by fitting each paddle with an independent brake. By tightening one of the brakes, the wheel to which it is attached is made to drag, and the free wheel revolving faster turns the boat.

Ford cars have long been playing an important part in land transportation in China but now, with the success of this project, the numerous shallow rivers are likely to be navigated with the aid of the Universal Car.

CADILLAC V-63 SETS RECORD

Final reports for the first six weeks after the announcement of the new Cadillac V-63 show an increase in sales of 4.8 per cent over the corresponding period in the sale of the preceding type. Production for the same period is also running 42 per cent higher than with the type 61, according to Lynn McNaughton, Cadillac vice-president and general sales manager.

"The comparison is an especially clear index of increased demand," states Mr. McNaughton, "because the type 61 announced at exactly the same season of the year as the V-63, with the same seasonal trend in effect. It indicates that the fundamental improvements in the latest

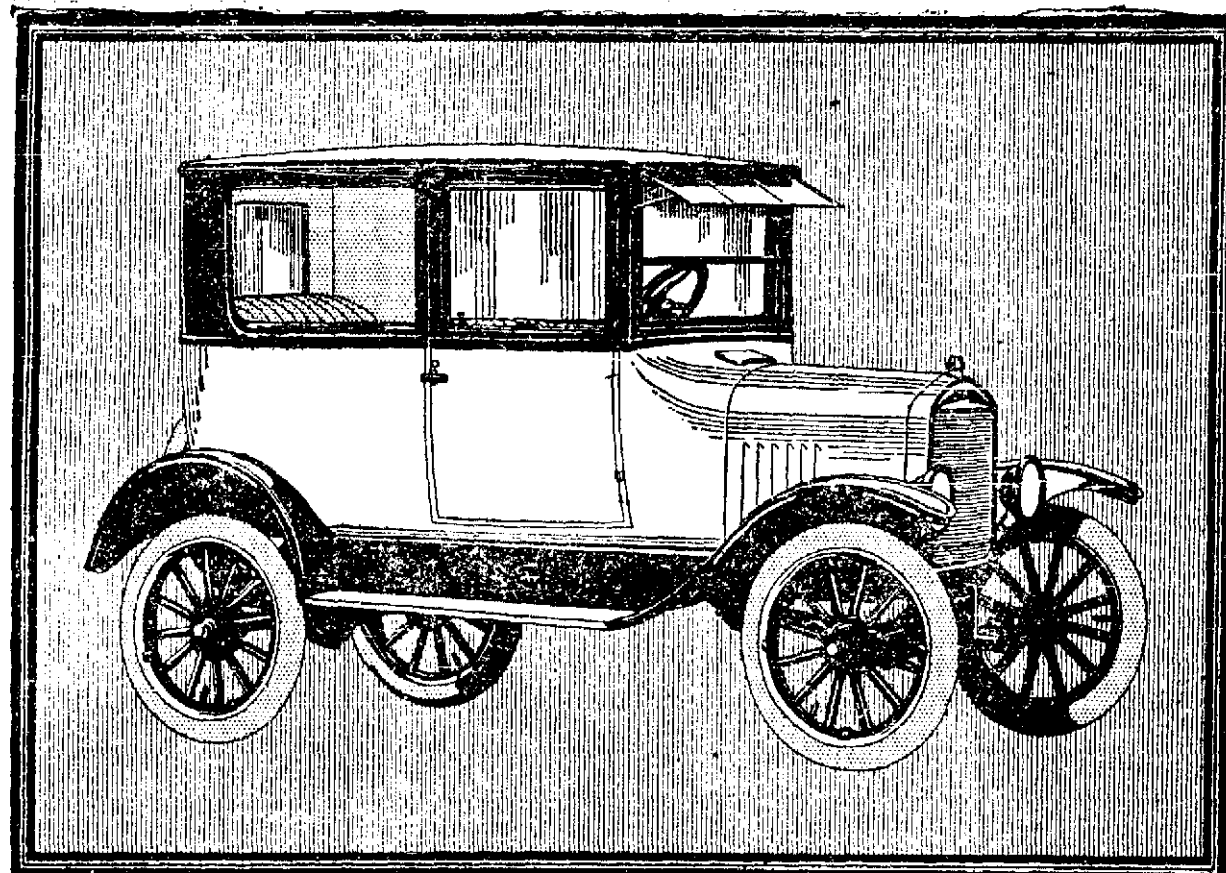

type have won the full approval of former Cadillac owners and of prospects who have more recently arrived in the class of Cadillac purchasers.

"From the outset of the V-63 season orders have been coming in faster than they could be filled, and there has been a particular shortage of the models most desired by foreign buyers."

"It is the performance of the new cars which has especially impressed buyers and prospects, and with the new owners who have taken long trips, or have driven away their own cars from the factory, the great smoothness and dependability in operation are commented upon, even more than the engineering developments that make the performance possible."

"At this time of the year when sales of closed cars are highest, our new bodies, with their many improvements and features which formerly were obtainable only in custom jobs, have been factors in raising our sales to these high levels."

AUTOMOBILE NEWS TIMELY AND INTERESTING TO ALL

EUROPE FAVORS U. S. BUILT CARS

The London Times in an article written by its motoring correspondent took occasion to commend the improvement in American motor cars during the past few years.

This marks a changed attitude on the part of one of England's greatest newspapers. Not only the periodicals but the automobile fraternity of that country as well have seized every opportunity during past years to ridicule American manufacturers. Detroit, the center of the industry, has shown considerable interest in the article which follows in part:

"American cars have improved most of all during the last few years in smoothness of running, particularly in the engine. Not so very long ago most engines had distinct periods of vibration at some speed or other, when the brake lever trembled violently, the driver felt an unpleasant shake in his arms, and his feet and those of his passengers began a St. Vitus' dance on the floorboards."

"The Paige-Jewett is a good example of the standard of smoothness attained by the latest American cars. The model is by no means immune from criticism, but it runs with delightful ease and gentleness, and is distinctly pleasing to handle. The chassis is of the type so popular in America—a six-cylinder engine, single-plate dry clutch, three-speed gear-box, and bevel-driven rear live axle—and the general design has nothing very strange or unorthodox about it. The cylinders—3-4 in. by 5 in.—are cast monobloc and with the crank chamber. The head is detachable, and, as the nuts are very accessible, there is no needless construction to its quick removal except for the horn. There are lips at each side of the casting. Cooling is by radiator, fan, and pump. The radiator is held to the main frame, but the casing is made separately as a shell. Drainage is by a tap at the lowest point of the connexion between the pump and radiator, and there is also a tap to empty the jackets. The fan belt is easily adjusted, the water pump is gear driven from the timing, and the glands can be re-packed without dismantling the pump. Inlet and exhaust manifolds, which are cast in one, are held by four nuts only, and the exhaust pipe is carried down from the centre. This plan makes the engine accessible and at the same time saves the floorboards under the driver's feet from undue heating."

"The engine, the smoothness of which has already been commented on, is flexible, quiet, and, as one has a right to expect, possesses great acceleration power."

Thirty-five was touched without straining on an adverse gradient and rather rough surface. The car travelled especially well without noise or effort at about thirty-five m. p. h. The hills were well taken. Amersham-hill's one in nine was surmounted on second, with twenty-nine as the minimum rate. There were three persons in the car, but the speed would probably not have dropped lower with a fourth passenger. The water bubbled up temporarily at the top, but the temperature soon became normal. Dashwood-hill's one in eleven was defeated on top, with the speedometer showing twenty-eight as the lowest figure. The actions of the brakes were fair, that of the steering excellent, and the general control is well arranged."

Cadillac Makes Large Shipment

The export business of the Cadillac Motor Car company for 1923 shows a large increase over that of 1922. During the past seven days cars have been shipped from the Cadillac factory destined for the following points: Caracas, Venezuela; Sydney, Australia; Lisbon, Portugal; London, England; Stockholm, Sweden; Christiania, Norway; Geneva, Switzerland; Mexico City, Mexico; Honolulu, Hawaiian Islands; Athens, Greece; Utrecht, Holland; and Brussels, Belgium. Twenty-one cars were also shipped September 25 for Madrid, Spain.

OVERLAND CHAMP DEMONSTRATION

November 22-29 will be Champion Demonstration Week among Willys-Overland dealers, branches and distributors throughout the United States.

Willys-Overland, Inc., has set aside this period as a merchandising period when greatest stress would be laid upon this most versatile of all of its models, to mark the climax of the most successful year that Willys-Overland merchants have ever yet enjoyed.

For the first time since this new car was first announced early in October all of the 5000 dealers throughout the land have now been furnished with sample cars of this type. Factory production has been speeded up to such a point where it is adjudged to be nearly adequate to the demand. For the first time President John N. Willys and General Sales Manager L. C. Peed, consider the circumstances in their dealer organization to be ripe for a universal effort to acquaint the motor car buying public with the many uses of this unique model.

No car that Willys-Overland has ever introduced has met with the spontaneous and immediate acclaim that greeted the Champion. While radically novel and fresh, yet it proved to be the type of motor car that many have longed for and hoped for. It probably is the most divergently useful car ever brought out. Its front and rear seats can be easily and quickly adjusted to three different positions, permitting a tall driver to manipulate foot pedals without cramping of legs. By the same token a short driver can adjust the driver's seat so that he can easily reach the pedals. Rear seat can also be moved forward and back to accommodate the convenience of the passengers.

The car's most remarkable characteristic, however, is that both front and rear seats and upholstery can be entirely removed and made up into a luxurious bed right in the car, a feature that will prove invaluable to tourists and campers.

With rear seat and upholstery removed fifty cubic feet of space for salesman's samples, suit cases, trunks and luggage, farm tools, produce and supplies, camp duffle and other equipment that it might be necessary to transport, all of which can easily be loaded into this compartment.

The entire week will be devoted by the Willys-Overland dealer organization to a thorough display and demonstration of this car's many uses.

GIRL KILLED BY AUTO
WARREN, Ohio. — Trumbull-co authorities are today seeking the owner of a touring car with damaged fenders after a speeding autoist struck small girl at Braceville and then sped away late yesterday afternoon. The victim Dorothy Conklin, 7, died last night.

STAR CAR ANOTHER DURANT WONDER

Cleverly scoring again with a sensational low-priced car, W. C. Durant has stolen another march on the quantity production field with an entirely new and more complete line of Star Car models placed on exhibition throughout the country, beginning Nov. 6th in New York.

The future greeting the new Star line in the trade is as great as the discussion which greeted the original Star Car in March, 1922. By introducing a new and refined line of Star Cars, much improved in appearance, much stronger in construction, Durant has given new evidence that he intends for the Star Car to hold its place as one of the big factors in the low-priced field.

Prices on the new Star models are slightly higher than the prices of the original Model "C" line. But the new line's price so that it will more than ever demonstrate the

place of the Star Car in the competitive field, challenging the list of standard-built cars in its new price class.

Though there have been rumors of new Star Car models for some weeks, confirmation could not be secured, and the type of car to be produced remained a mystery up to the date of its national showing.

The result was a public surprise that made the new Star Car the big topic of conversation in and out of motor row.

Analysis of the features and construction of the new Star Car line shows that the improved types of standard and special passenger cars and light commercial cars, are more than an adaptation of the Model "C" line. The bodies have been redesigned entirely, improvements have been added in the chassis, and the grade of materials used in body construction and trim is of a higher quality.

Four standard models are offered in the new Star line—roadster, coupe, touring and sedan. Two special models—a touring and a sedan, are included in the new line, also a new commercial chassis and a variety of bodies, including a station

wagon and a number of delivery bodies. Complete equipment, including a speedometer, is also a new Star car feature.

TWO-CAR FAMILIES INCREASING

One of the reasons for the rapid increase in registration is the fact that the number of families owning two cars is increasing, according to a survey made by the National Automobile Chamber of Commerce. In twelve out of a thousand letters from motorists received by this organization the owners stated that they had more than one automobile. A man from Fort Worth, Texas, wrote, "I keep two cars. As a travelling salesman, I practically live in my car." Another autoist from Bixby, Oklahoma, wrote, "I keep two cars, a roadster for my work and hauling in general, a touring car for the family."

MERCHANT ROBBED
YOUNGSTOWN — Ben Heyman, clothing store proprietor, waylaid and robbed of between \$5,000 and \$6,000.

NASH INCREASE IN FOREIGN TRADE

Nash Motors has gained 223 per cent in export shipments this year over 1922. With distributors and dealers in many cities on every continent of the globe, demand for the Nash product has increased each year until now the Nash name plate is almost as familiar a sight on the streets of Melbourne, Australia, as in Cleveland, Ohio.

It is pointed out, in connection with the heavy gains in export shipment of Nash cars that the overseas purchaser of an automobile is, of necessity, exacting in the matter of quality. This is particularly true in his choice of American-made cars where the factory is from 3,000 to 20,000 miles away from home. The buyer in a distant land must, first of all, have confidence in the quality and performance of the car he chooses and he must have equal confidence in the reliability of the distributor or dealer from whom his purchase is made.

Nash distributors in countries abroad, as in America, have been selected with utmost care and in every instance they are in a position to render service to the buyer in a measure fully equal, and often surpassing the American distributor or dealer. These distributors, or their representatives, make periodical visits to the Nash factories to thoroughly familiarize themselves with progressive methods of manufacture and policies of distribution. The export crating and shipping department is one of the important divisions of the Nash factory and every facility for careful shipment of cars is provided.

Increasing demand for Nash cars abroad is a reflection of the attitude of the entire buying public which has made necessary the production of 60,000 Nash cars this year as compared with 42,000 cars in 1922 and 23,000 in 1921.

NEW 4-WHEEL BRAKE ADOPTED

Manufacturers of 12 different motor cars have to date adopted Lockheed hydraulic four wheel brakes as equipment for their cars. D. O. Scott, general manager of the Hydraulic Brake Company, of Detroit, stated yesterday. The majority of these manufacturers will probably announce the brakes as part of their cars between now and the opening of the New York automobile show, which starts January 5.

Among the 12 manufacturers are those producing four, six and eight cylinder cars in practically every price and quality field, it was said.

"Every manufacturer who has given Lockheed hydraulic brakes the complete tests that we recommend has ordered their adoption for his cars," Mr. Scott said.

"The manufacturers who have to date adopted them will, in 1924, have a combined estimated output of considerably more than 250,000 cars."

It is reasonable to assume from the representative list of motor car makers who have already adopted hydraulic brakes that it is merely a matter of a short time before their use will be very general.

DODGE EASY RISIN QUALITIES

It doesn't take an owner long to detect the remarkable riding qualities of the new Dodge Brothers motor cars, according to D. D. Jones, local Dodge Brothers dealer.

The cars have been tried out now by owners over every kind of going and the riding comfort has been demonstrated thoroughly. It is felt in both the front and rear seats, regardless of position or road conditions. There is no questioning the feeling of unusual comfort and the definite impression of stability and solidity which contribute so materially to satisfaction in driving.

The splendid riding comfort of the new Dodge Brothers cars is due largely to the type of rear spring suspension employed. The rear springs which are extremely long, are underslung. Also, the fact that the body has been lengthened and lowered tends to make the car cling more firmly to the road.

The new car is, in every sense, a remarkably easy riding car.

SAFETY PLEDGED BY TAXI DRIVERS

CHICAGO, Ill. — "I am sincere about safety and intend to do everything I can to make the streets safe for humanity."

This expression was the terse result of the Public Safety Accident Prevention program of the National Association of Taxicab Owners convention here, in conjunction with which there was a conference of high police officials from over 100 municipalities. Even the Post Office Department and the Army promised cooperation in the program laid out. The 200 taxicab operators present,

representing 95% of the organized cab owners of America, brought the police officials of their home cities with them to have them say what the taxicab operator could do to relieve this ever growing municipal problem. Taxicabs being on streets probably more than any other class of vehicle, speakers said, the one big thought of the cab operators of the country is to have their drivers get thoroughly before them their responsibility to the public, and to obtain the earnest cooperation of every taxicab driver to drive safely and sanely, thereby setting an example to other motorists.

Hot Fight Over Organization Of Congress Threatens

PROGRESSIVES FOR COOPER

Plan To Block Re-election Of Gillett To Speakership

WASHINGTON — (Associated Press) — The progressive bloc among Republicans in the house Saturday reiterated their intention of supporting Representative Cooper, of Wisconsin, for speaker in opposition to Representative Gillett of Massachusetts, while every indication was given that Representatives Longworth of Ohio, and Graham of Illinois, would go into the Republican conference next Saturday as candidate for leader.

During the coming week the progressives, who claim control of about twenty votes, expect to hold conferences to draft their demands in definite language. They have announced their intention of seeking to block the re-election of Gillett unless they are given recognition in committee assignments, sufficient in their opinion to insure consideration of their legislative proposals and are assured that the rules of the house will be "liberal" and.

Thus far the group, which is made up mainly of Wisconsin representatives, has interested itself only in the speakership as a means of obtaining concessions and has taken no stand, as a unit in the leadership fight.

GRAHAM CAMPAIGN

On the other hand the supporters of Graham are devoting themselves solely to the advancement of his candidacy. Many of them have announced their intention of voting for Gillett for speaker.

Representative Hoch, of Kansas, one of those managing the Graham campaign, attacked Longworth Saturday in a statement in which he pointed out that both Gillett and Longworth "came from industrial districts."

"Their immediate understandings and concerns," the statement said, "are naturally along that line. Both are pronounced conservatives. Now everyone knows that in the main the industrial sections of the country have been passing thru a deadening economic depression. This depression is not of the farm alone, but vitally affects the storekeepers, the small business men generally of the towns and small cities which are a part of the agricultural community. Now there is no legislative magic wand which can dispense these economic ills. But the congress must be keenly sensitive to

This depression is not of the farm alone, but vitally affects the storekeepers, the small business men generally of the towns and small cities which are a part of the agricultural community. Now there is no legislative magic wand which can dispense these economic ills. But the congress must be keenly sensitive to

them and do every proper thing within its power to help bring relief.

"Mr. Graham comes from an agricultural district in one of the great agricultural states of the middle west, where the depression has been greatest and the spirit of discontent most manifest."

DEMOCRATIC PLANS

Democratic leaders of the house continued Saturday to make organization plans which are expected to take final form at the Democratic caucus next Saturday night. Cordell Hull, chairman of the Democratic national committee, who will return to the house this season as a representative from Tennessee, held conferences during the day with various leaders including Representatives Garrett of Tennessee, who was acting minority leader in the last congress, and Garner, of Texas, ranking Democrat on the ways and means committee.

One report in circulation at the capitol was that the Democrats intended in reassigning members to the ways and means committee, to drop Representative Martin of Louisiana, who is regarded by some members of his party as a "protectionist." Mr. Martin was a Democratic member of the committee during the last congress, but joined with several of his Louisianan colleagues in the Republican demand for duties on some commodities, notably sugar.

REPUTED MANIAC GIVES SHERIFF AND MEN THRILL

Sheriff H. B. Crosson received the thrill of his official career Saturday noon when threatened by S. W. Burkholder, alleged maniac. He disarmed the man when he attempted to open fire with a shotgun.

Crosson and Deputies Smith and Osburn rushed to Rockport Saturday to arrest Burkholder, who had been terrorizing the neighborhood.

They located their man husking corn in a field. As they drew near he leveled a gun at the trio. Crosson leaped in and grappled with the mad man, and succeeded in disarming him. Burkholder was also armed with a revolver, a search made following his arrest revealed. He will be tried in probate court to determine his sanity.

REAL ESTATE FOR SALE
EASY PAYMENTS FOR SALE
5 room house, water, gas, electric. First class location, South Rosedale, near W. Spring. This is a dandy lit- tle home in good neighborhood. In- creasing in value right along. Price for quick sale, \$2850. Will accept \$250 as first payment, balance month- ly. Can be sold to colored. Take my advice and don't let this oppor- tunity go by. Here is your chance.
7 rooms, North Rosedale, lot 45x 190. This is bound to increase in value. This well located piece of property and watch your money grow. Priced at \$3,500; will ac- cept \$500 cash and balance \$30 per month. Will sell to colored.
6 room house, Jackson-st, strictly an investment proposition. A nice place for any one to live. Sacrifice price \$2,200. Must have \$1,100 down, the balance can be arranged to suit purchaser. Will sell to col- ored.
5 room bungalow, south side, Norval-av, near 9th-st. Lot 43x130. Just the thing for the workman. House in good condition. Price \$2,500. Can be bought on these terms: \$300 cash and the balance same as rent. Will sell to colored.
4 room cottage on Norval-av, south side, good sized lot. This is very cheap at the price asked, \$1500—you can pay \$250 down and \$15 per month. Will sell to colored.
5 rooms, 2 story house Norval and 9th-st, south side. A corner lot goes with this. Property has grape vines and raspberries all around. You certainly must see this place to appreciate it. Owner will sacrifice this place on account leaving town. Price \$2,900—will take \$350 as first payment, and the balance can be arranged. Will sell to colored.
4 rooms, west end, South Rose- dale-av, near Spring. Lot 50x100, one of the finest locations for a residence. Good neighborhood. You will never be able to beat this. For quick sale priced at \$2,200. It will take \$1,200 to handle this—the bal- ance in 6 to 6 years. Will sell to colored. Don't let this get away.
1 lot, West Spring-st, 1400 block, will make a fine building site for a swell home, size of lot 50x199, \$1,200 cash; will sell to colored.
1 lot on 4th-st, corner of Norval-av—50x150—This is a good corner, suitable for business site or lodges. This one won't last long—better in- vestigate right away. Price \$1,100 cash.
We also have several lots that are going to be soon with a great deal more than you can imagine in a very short time. Ask us about these—as they can be bought for a small payment down and the balance a little per month. Now is the time to buy before the increase in the spring.

These facts, they may seem a little out of the ordinary. But, nevertheless, true facts are true facts—Several years ago, and not very far back either, you could have bought several pieces of property and what did you say—NO—NO—NO—Now then, can you buy some of these same pieces of property today? I say the answer is NO—NO—NO—and if you do buy it you'll pay just double the price you could have gotten it for years ago.

4th 4 1/2 \$92.22
5th 4 1/2 \$92.22
New 4 1/2 \$92.22**NEW YORK**—(Associated Press)
Speculators for the advance again assumed control of the stock market in Saturday's brief session, moving the general list to higher ground by a series of bullish demonstrations in the oils, tires, tobaccos, sugars and specialties. Sales exceeded the half million mark, despite the absence of number of traders who went to Cambridge for the Yale-Harvard football game.

Oil shares, which have been heavily bought lately on speculative expectation of improvement in the industry because of the steady decrease in crude oil production, were lifted up by the brisk demand for Sinclair, Producers and Refiners, Cosden and Phillips, all of which closed a point or more higher. The strong spot in the sugar group, which has been benefited by the higher prices for the refined product over American Refining, American Beet and Cuba Cane preferred, up 1 to 2-1/4 points.

Schulte led the active tobaccos with a gain of nearly 2 points to 107-7-8, a new 1923 high. United Cigar Stores climbed 5 points on a small turnover and Tobacco Products common advanced 1-1/4.

PIVOTAL SHARES IMPROVED
U. S. Steel, Baldwin, American Cast and Studebaker, generally recognized as the pivotal shares improved fractionally. Maxwell Motors A., advanced nearly two points on a revival of reports of its merger with Studebaker, but forfeited all its gain before the close.

U. S. Cast Iron Pipe which has been making a belated response to the resumption of dividends in common stock, jumped 3-1/4 points to 51, also a 1923 top. Davison Chemical closed more than four points higher at 67-5-8, nearly 10 points above its low of the week established in its sensational gyrations last Thursday.

Rails held relatively steady, although Chesapeake and Ohio again dropped below 70 in reflection of speculative disappointment over the failure of directors to increase the regular \$4 dividend at yesterday's meeting. Jersey Central jumped three points on two sales. Other changes were largely of a fractional character.

Strength of the Brooklyn-Manhattan Transit issues was one of the features of the specialty list, the preferred stock gaining more than two points on the day.

A brisk rally in French francs on the overnight announcement that the Ruhr mine owners had signed an agreement with the French was the feature of the foreign exchange market. Francs sold 5 points higher at 52. Sterling enjoyed a momentary period of currency and then fell back, demand bills being quoted around \$4.86 1/2 at the close. Norwegian and Czechoslovakian currencies reacted sharply, but the rest of the list held relatively firm.

The weekly clearing house statement showed decreases in most of the principal items. Loans, discounts and investments fell \$6,644,000 below the week before, reserve of member banks in the Federal reserve bank \$20,154,000, net demand deposits dropped \$31,368,000 and time deposits were \$95,000 lower. There was a slight increase in circulation. Aggregate reserve totalled \$510,121,000, leaving excess reserve of \$10,108,530, a decrease of \$15,628,960 under a week ago.

PRODUCE REVIEW

The holiday poultry market is the center of interest. Turkeys, both live and dressed, have been much heavier for Thanksgiving trade than for some years past, and reports from producer sections indicate there is still a large number of turkeys on the farm to be marketed.

Production of Christmas turkeys is heavier in western Oklahoma, Texas, Wyoming, Montana and Idaho.

There is a plentiful supply of chickens, fowl, ducks and geese. Poultry production has received tremendous impetus in the last few years, and the reports, both live and dressed, are heavy.

Receipts of fresh eggs are light, and there is a good demand for this kind of stock.

Storage eggs are moving about as well as could be expected, although the market is heavier than a year ago, and at present wholesale selling prices, owners are selling at a loss because of original cost, storage, and insurance charges.

Cream receipts at creameries are showing a noticeable increase over the same period last year. Larger imports at seaboard points tend to lessen the confidence of buyers. Less milk is being used by creameries, and this surplus milk is finding its way to the butter factories, thus augmenting the supply. The eastern market is closing at two cents lower than a week ago.

DOWN GRADE****Opposition To Government Aid Is
Chief Bearish Factor****MARKET IS UNSETTLED****Corn Is Shade Lower, While Oats
Advance Slightly****CHICAGO**—(Associated Press)—

Wheat averaged lower in price Saturday largely as a result of Washington reports that the administration was opposing new schemes of government aid to finance American export to Germany. The market closed unsettled, ranging from 1-1/2 to 1-3/4 advance with December \$1.03 to 1.03 and 1.03 1-8 and May \$1.03 1-4 to 1.03 3-8. Corn finished unchanged to 3-4c lower, oats unchanged to 1-4c higher and provisions unchanged to a rise of 15c.

Lower quotations at Liverpool as well as selling here by a house with foreign connections were bearish factors in wheat and added the initial downward tendency which prices given by the news from Washington. As the day progressed offerings of December and May were more readily absorbed and a majority of dealers appeared to be less disinclined to operate on the selling side in those months notwithstanding that the domestic visible supply total Monday promised to be double the figures of a year ago. Selling of July, however, continued free and that month finished at the day's bottom level.

Primary receipts of wheat included 200,000 bushels of duty paid Canadian wheat at Toledo, but the week's total arrivals at United States primary centers were to a material less than for the previous week or for the corresponding time last year. On the other hand no domestic wheat whatsoever cleared from United States ports yesterday, whereas a year back the amount for the day was 1,153,000 bushels. Domestic demand was reported today as of a hand-to-mouth character.

With receipts of corn here reaching good volume, liquidation sales of December delivery were heavy in the corn market, but May and July held about steady. Oats were scarce and the market grew firm.

Provisions tended upward with hogs.

VAN WERT NOTES

One hundred head of fine calves from Colorado were distributed among members of the boys and girls club of Van Wert Co. Saturday. Selection was made by number.

The boys and girls are to feed and care for the calves until fair time next year, when the animals will be weighed, and prizes awarded to the member showing the greatest gain in weight of the animal he keeps.

Last year 35 calves were distributed. William Scheidt of Ohio City, was winner. His prize was a trip to the International Live Stock Show in Chicago, which he will leave next week to attend.

Third ward residents in Van Wert are drilling a gas well in the rear of their homes. Friday noon the piping was down 1,250 feet, and plans have been made to "shoot" the well the first of next week.

Dr. S. A. Edwards of Middle Point, has moved to Van Wert and will open an office in the Home Guards-bldg of 15 years. He has been at Middle Point 15 years.

WHERE TO BUY GOOD THINGS TO EAT FOR THANKSGIVING

PERHAPS the "mere man" who must carve the Thanksgiving turkey under the eyes of critical relatives would like a bit of timely advice.

Half the beauty of the dinner is in the sight of the luscious brown bird as it arrives on the table for carving. So don't cut up the turkey in the kitchen and send it to the table disjointed and in slices, just because you have never carved a turkey in public, as it were.

In the first place be sure that the carving knife is sharp. A dull knife will mean trouble and consequent embarrassment.

Unless the serving platter is very large a small platter should be provided for the wings, thighs and drumsticks.

The platter should be placed before the carver in such a way that the breast of the turkey will be at his left hand. He may carve the bird standing or sitting, whichever way is easier.

TAKE GOOD HOLD

Plunge the carving fork over the breast bone. It should be about the center of the bone. Force the fork in deep to secure a firm hold. Unless you have a strong and well-balanced grasp with the fork the disjointing and carving of the white meat will be difficult.

Make a downward cut through the skin between the thigh and the body on the side farthest from you. This cut goes to the joint. The end of the drumstick is held by its paper collar with the fingers of the other hand. A quick outward turn of the knife blade and a strong pull and twist with the hand at the same time will detach the thigh from the body.

With a second fork place the whole leg on the extra platter or on the same platter by the side of the bird.

The wing is then removed. Cut straight down through the skin between the body and the wing and around the joint. A quick sharp turn of the knife easily severs the wing from the body.

THE PROPER WAY TO CARVE A TURKEY

SLICE BREAST MEAT

Holding the turkey firmly with the fork inserted in the breast, with your sharp knife cut the white meat in thin slices, cutting parallel to the breast bone. Unless a large party is to be served carve but one side.

Now remove the fork from the breast bone. Separate the second joint or thigh from the drumstick and cut each into two pieces. Serve a piece of white meat and piece of dark meat on each plate. The stuffing is removed from the inside through the incision at the neck.

The turkey, stuffing and mashed potatoes are served by the host, and if a maid is not in attendance he may serve any other vegetables not requiring separate dishes.

WITH MAID'S HELP
If a maid assists in the dining room, she passes the extra vegetables and gravy, holding the dish on a small tray or napkin at the left of each guest. The vegetables are then put in front of the host that he may look after second helpings.

If the host asks each guest his preference when serving the turkey and the answer is the broad "anything," he will serve a piece of white and dark meat on each plate. If the preference is expressed, will, of course, observe it.

After the turkey is carved and plates served, turn the cut side against the platter. Let the kni and fork rest across the end of a platter until needed.

MARTIAL LAW ENDED
ATHENS—A decree was passed Saturday abolishing martial law. The country has been under martial control since the outbreak of a recent counter revolution.
